NOTICE TO BONDHOLDERS

Abitibi Power & Paper Company, Limited.
First Mortgage Gold Bonds Series A,
5%, due 1953.

FOURTH DISTRIBUTION

Take Notice that by Order of the Supreme Court of Ontario the Receiver and Manager has been ordered to pay to the undersigned for distribution pro rata among the holders of the above Bonds and coupons the sum of $8,036,455.50 Canadian funds, to be credited on December 30, 1944, as to $3,097,776.06 on account of principal and as to $4,938,679.44 on account of interest as more particularly provided in the said Order. The amounts payable in Canadian funds per $1,000 Bond are $64.18 on account of principal and $102.32 on account of interest.

To become entitled to share in such distribution, each Bondholder (including a holder of registered Bonds) is required to present, on or after December 30, 1944, his Bond or Bonds with all interest coupons due June 1, 1932, and subsequent thereto, to MONTREAL TRUST COMPANY, 511 Place d'Ames, Montreal, Que., or 61 Yong Street, Toronto 1, Ont., or 6 Lothbury, London, E. C. 2, England, or to its agent, CITY BANK FARMERS TRUST COMPANY, 22 William Street, New York 15, U. S. A., with instructions as to the name and address of the person to whom the cheque in payment is to be issued. The Bonds so presented will be stamped with particulars of the payment and returned.

The distribution will be governed by the restrictions, regulations and instructions of the Canadian Foreign Exchange Control Board and the Canadian Custodian of Enemy Property. In particular, bearer Bonds or coupons held by non-residents of Canada must be accompanied by Canadian Declaration of Ownership (Form "G").

From and after December 30, 1944, interest will accrue only on the amount owing on the Bonds and coupons after crediting thereon the amounts of this disrtibution and of the first, second and third distributions made on October 15, 1941, April 15, 1942, and June 30, 1943, respectively.

For further particulars apply to Montreal Trust Company or City Bank Farmers Trust Company above mentioned.

Dated the 21st day of November, 1944.

MONTREAL TRUST COMPANY.

Adams Express Company.
Press report May 3, 1945: New York, May 3 (UP).–The Supreme Court of New York County has upheld the Adams Express Co. in a suit by stockholders over the company's appraisal of "true cash value" of its shares. The court found that the $13.30 value a share in the appraisal should stand and payment made on that basis to shareholders who dissented from an amendment to the articles of association extending the life of the company from July 1, 1948, to July 1, 1998. At the time the officers of the company set the $13.30 value on the stock—June 6, 1944—it was selling at $12.25 in the open market. Its net asset value as calculated by the company was $17.41 a share and its liquidating value, $15.69 a share. The dissenting stockholders calculated the net asset value at $18.52 and liquidating value at $17.59.

Addison & Pennsylvania Railway Co. This road was purchased by the Buffalo & Susquehanna on May 25, 1894. On April 8, 1916 it was reported that the property of the latter road was sold and the C/D for the 4½% bonds received a full and final payment of $129.40 per $1,000. bond from the Bankers Trust Company, New York City. Due to the fact that the bonds were not paid in full, any equity that the stockholders of the Addison & Pennsylvania Railway Company might have had in the Buffalo & Susquehanna was wiped out at this sale.

Albany & Northern Railroad Company. The Albany and Northern Railway Company, Albany, Ga., informed us as follows on April 26, 1945: "I have for acknowledgment yours of April 20th. There are some $400,000 of first mortgage bonds of this company that will be due January 1, 1946. We are some twelve or thirteen years behind with the bond interest and there are no funds available or in prospect for the redemption of these bonds. Some five or six years ago what we termed the common bonds were selling at $1.00 per $1,000 face value. The first fifty of these bonds, numbered from one to fifty, inclusive, are preference bonds. By that I mean take preference both as to interest and principal over the remaining 350 bonds. We are able to pay the interest on the preference bonds but not the principal. All but 68 or 69 bonds of the entire issue are locally owned."

Aldecress Country Club. Press report March 8, 1945:

The Aldecress Country Club estimated to

have cost $500,000, was sold yesterday at a sheriff's auction in Hackensack for $500 to Northern Valley National Bank of Tenafly acting for holders of the first mortgage on the property.

Undersheriff John E. Edwards conducted the sale at the Bergen County Court House after a foreclosure action last month by the purchasing bank.

The club, formed in 1928 by 40 men, is located in Alpine, Demarest and Cresskill. The original plan called for the erection of an elaborate clubhouse but it was never realized.

Three years ago the club membership was opened to the public in a futile effort to revive interest in it.

In addition to the first mortgage of $196,000 held by the Tenafly bank on the course, there was a second mortgage of $1,141,750 held by Palisades Trust and Guaranty Co. of Englewood as trustee.

Edwards said the only debt on the property was annual tax item of between $3,000 and $4,000 dating from 1941.

Press report 1/19/45:

Boston, Jan. 19.–Federal Judge George C. Sweeney handed down a decision in which he finds the officers of the Aldred Investment Trust, which owns control of Suffolk Downs Race Track, guilty of a "gross abuse of trust" in purchasing the controlling interest in the race track with funds of the trust without disclosing their intent to stockholders of the trust. The court's opinion granted an injunction requested by the SEC restraining Gordon B. Hanlon, Robert P. Loring, Elton N. Hanlon, W. Edward Higbee, John L. Arnold and Malcolm M. Bowen from serving or acting as a trustee or as an officer of the trust. A receiver will be appointed with the power to reorganize the capital structure of the trust or liquidate the trust and distribute its assets to such creditors, debenture holders and shareholders of the trust as may be entitled thereto.

Allied Oil Co., Inc. 10

Allied Oil Corporation. Incorporated in Delaware in 1917. In 1922 the company got into financial difficulties, and requested the stockholders to send in $50 with every 200 shares of stock to consolidate with the Petroleum Producers Assn. Several attempts were made to refinance the corporation, but without success. Dr. F. A. Cook, promoter and ex-Arctic explorer, who was President of Petroleum Producers Association, was found guilty by a Federal Grand Jury for operating a fraud through the mails. On November 21, 1923, he was sentenced to 14 years in jail. In 1925 large blocks of stock of this company were sold at auction for nominal amounts to establish losses. The company lost its charter on January 20, 1928. The shares are absolutely worthless.

Allied Oil Corporation (Delaware). Incorporated February 17, 1930 and lost its charter in 1935.

Allied Oil Corporation (Delaware). Incorporated April 22, 1936 and is located at 342 Madison Avenue, New York City.

Allied Packers, Inc. (N. Y.) Hygrade Food Products Corporation informed us on January 19th, 1945, that the stockholders of this company were given an opportunity to pay an assessment under a plan of reorganization to share in the new securities. Those that did not pay the assessment were wiped out at foreclosure sale. Hygrade Food Products Corporation bought the properties at the sale. There was no equity for the stock, which is without value.

Alton Railroad Company. Press report 1/3/45.
Henry A. Gardner, trustee of the Alton Railroad Company, yesterday filed a plan of reorganization for the carrier in the United States district court here, based on an engineers' survey of properties of the Alton and controlled and leased lines.

The plan, which would become effective as of Jan. 1, proposes total new capitalization of $74,387,379 of which $4,410,598 represents equipment trust obligations to be taken over by the new company, and $34,976,781 represents capital stock. The remainder is divided into first mortgage bonds of $15,000,000 and income bonds totaling $20,000,000. Annual fixed charges would total $700,000 and contingent charges $900,000.

Under the plan, creditors would receive new securities as follows: The holders of refunding mortgage bonds would receive for their total claim 35.87 per cent in income bonds and 64.13 per cent in new capital stock. The Joliet company and its guaranteed stockholders would receive 79.30 per cent of their claim in income bonds and 20.70 per cent in stock.

The Louisiana company and its guaranteed stockholders would receive 79.03 per cent in income bonds and 20.97 per cent in stock. The Kansas City company and guaranteed stockholders would receive only 76.26 per cent of their claim in stock, which eliminates claims for unpaid dividends on the old Kansas City stock.

The sum of $173,166 in cash belonging to the Kansas City company is to be paid to the company upon consummation of the plan.

If the sum of $50,477 paid by the Alton to the mortgage trustee as interest on the refunding bonds under an agreement of June 15, 1942, "should be held to be a payment upon such interest, the claim of the refunding mortgage and its participation in new securities should be correspondingly reduced," the plan states.

The 1,142 shares of common stock of the Kansas City company publicly held receive no allotment, it was stated, since it has been found that unpaid dividends constituting a prior claim actually were not earned.

Any unpaid balance of the claim of the Baltimore company after exhaustion of security previously assigned to it by the Reconstruction Finance Corporation "would be an unsecured claim for which no allowance is made."

The management of the Alton submitted a plan simultaneously with the filing of its reorganization petition in November, 1942, but hearings before the Interstate Commerce Commission on the plan scheduled for September, 1943 were postponed pending the filing of a plan by the trustee.

Amarillo Realty Company. Incorporated in Texas on May 2, 1921 and was liquidated on February 1, 1930. The office of Max K. Mayer, Fort Worth, Texas, informed us that all of the former officers of this company are dead, and the records have been destroyed. We covered every bank in Fort Worth, and Amarillo, Texas, and found no funds in the name of this company. We also covered the Cities of Amarillo and Fort Worth, Texas, and Tarrant and Potter Counties, Texas, and found no record of this company on their tax rolls as owning any properties in the cities or counties respectively. We therefore assume that when the company liquidated in 1930, it liquidated its entire assets, and its shares are now worthless.

American Bosshardt Furnace Corporation. Incorporated in Delaware on February 14, 1925, and filed its last report in 1930. The corporation lost its charter on April 1, 1933. Mr. E. H. Womack, an attorney, and former Secretary of the company, now located at 55 Wall Street, New York City, informed us as follows on October 24, 1945: ". . . I recall doing some legal work for persons interested in promoting the Bosshardt Furnace in this country and I may have been Secretary of the corporation referred to by you. If so, I resigned prior to taking a position with the Government in 1933. I can only state, on information and belief, that the corporation referred to, ceased to do business in 1933 and that its assets were insufficient to pay creditors and that nothing was left for stockholders. I recall that my bills for legal services in connection with this matter were not paid."

American Legion Building, Paris, Inc. Incorporated in Delaware on May 11, 1928 and filed its last report in 1942. Mr. Francis E. Drake, President of the company, located at 485 Park Avenue, New York City, informed us as follows on March 15, 1946: "Having received your letter of March 10, 1946, concerning shares of stock of American Legion Building, Paris, Inc., I beg to state that due to financial difficulties the corporation had become involved in indebtedness in the years immediately following the financial panic and to avoid foreclosure by the French creditors, the Congress of the United States passed an Act which appropriated funds for the liquidation of its indebtedness, provided however, that title to the property should be deeded free of all incumbrances to the United States Government. This legal transfer was made in August 1936 since which time the corporation known as the American Legion Building. Paris, Inc., has been without assets and consequently its stock had no value as of January 24, 1937."

Press report Nov. 1. 1944:

Philadelphia, Nov. 1.-The American Light & Traction Company has filed a plan with the Securities and Exchange Commission providing for its dissolution as soon as practicable in two major steps. The company is a subsidiary in the United Light & Power system.

The company would deposit in trust $13,048,100 or $25 a share par value of the preferred stock, and an amount equal to unpaid dividends to pay preferred stockholders. Approximately $8,750,000 of treasury cash would be used for this purpose, with the balance to be obtained through a temporary loan or sale of part of the assets. After the preferred stock has been paid off, the remaining assets would be distributed to common stockholders.

American Protective Service, Inc. N. Y. 1937.	
American Public Service Co. Press report 3/12/46: Philadelphia.–A third amended plan for the merger of American Public Service Company, into Central and South West Utilities Company, was filed today with the Securities and Exchange Commission. The application said that since formulation of an amended plan in August, 1945, "market values of substantially all securities indicate quite conclusively that under present market conditions the shares of new	

Name State Date Charter Forfeited Vol.

common stock proposed by that plan to be issued in exchange for the preference shares of Central and American have a value substantially in excess of the respective redemption prices."

"The amended plan is too great a participation to the holders of the preference shares," said the application, "and too little to the holders of the common stock of Central and is, therefore, unfair to the latter class of stockholders."

New Plan a Compromise

The newly filed plan represents a compromise between Central's public common stockholders and the Middle West Corporation, the parent.

It calls for delivery to Central's common stockholders other than Middle West of a number of common shares equal to 38.96359 per cent of the remaining authorized common plus 264,000 shares of common and an additional number of shares to be determined from Feb. 28 to the acceptance date for the bid on the new common. The common will be sold through competitive bidding.

The remaining common shares will be delivered to Middle West in exchange for its central common holdings.

Merged Company Setup

The merged company will have an authorized capital stock of 6,600,000 shares of $7.50 par value common. Holders of prior lien preferred and preferred of both Central and American will be given an option to have their shares retired in cash or to exchange them, on the basis of redemption prices, for new common taken at the initial offering price of the common sold at competitive bidding.

Enough new common will be sold at competitive bidding to provide funds, not otherwise provided, to retire the preferred. Middle West has agreed to exchange its preference shares for new common under the alternative option.

Shares of common not exchanged or sold will be issued in exchange for outstanding common of Central and American on the basis of eight shares for each share of American common, excluding shares owned by Central and American.

The 25,643 shares of preferred of West Texas Utilities Co., Abilene, Tex., owned by American, will be sold to West Texas at a commission-approved price and canceled.

Value of C/D for Common & Preferred Stocks

We quote below from a letter written by Mr. E. Greene, Secretary of Oldetyme Distillers Corporation on March 29, 1937: "All communications of the Stockholders' Protective Committee were sent to you if the stock was registered in your name. In these communications, which you no doubt received, you were advised that as of February 5, 1932, the Reorganization Plan approved by the Committee was published. The Plan provided that Stockholders, both common and preference, would receive, if they deposited their shares with that Committee, Rights entitling them to subscribe to common shares of the new company, Rossville Alcohol & Chemical Corporation (subsequently Oldetyme Distillers Corportion) at $5.50 per share. On March 18, 1932 the Plan was declared operative, and those stockholders who had deposited their shares with that Committee at any date up to and including April 4, 1932, received Rights which were exercisable only up to the close of business on April 4, 1932. The corporation has gone through bankruptcy, and all its properties have been sold, with the approval of the court, at a price which gave only a fraction of the face value to the bonds of the corporation and left nothing for the preference or common stocks. The old stock certificates, the certificates of deposit, and the unexercised rights are, therefore, without value."

The corporation has not been dissolved. The County Clerk's Office records show that Charles H. Sterenfeld of 32 Broadway, New York City was the attorney for the company. An officer and director of the corporation was Samuel M. Saltzman, 34-42 72nd Street, Jackson Heights, New York City. Mr. Sterenfeld informed us that it is his recollection that the patents and assets of the corporation were assigned to the mortgagor about June, 1940, leaving the corporation with no assets. Mr. Sterenfeld informed us that he holds stock in the company. Mr. Saltzman has not answered our letter. We found no market for the stock.

Amherst Estate Properties, Inc. Incorporated in New York on February 20, 1926, and was located at Amherst Town, N. Y. The corporation was dissolved by proclamation on December 15, 1938. Mr. Lewis Mitchell, one of the incorporators of the company, located at Erie County Bank Bldg., Buffalo, N. Y., informed us as follows on September 13, 1945:

"Amherst Estate Properties, Inc., was a small company formed to take over a few remaining unsold lots owned by LeBrun Corporation. This was in late 1920. The local real estate market declined sharply right after that and then the depression started late in 1929 which made it impossible to handle these large lots. The company was unable to pay its taxes and I believe those lots are now owned by the County of Erie through foreclosure on account of taxes. Neither of the companies have any assets and consequently their stock is of no value."

Amherst Estates Company, Inc. Incorporated in New York on April 15, 1913 and was located at Buffalo, N. Y. The corporation lost its charter on December 16, 1940. Mr. Lewis Mitchell, Erie County Bank Bldg., Buffalo, N. Y., informed us on September 13, 1945, that this company has been out of business for many years, having lost its properties through foreclosure. The shares are without value.

Press report 12/1944:

J. Crosson Cooper, Jr., Solicitor,
Mercantile Trust Building.

In the Circuit Court No. 2 of Baltimore City -(37C-233-1928)-Safe Deposit & Trust Company of Baltimore, a corporation organized and existing under the laws of the State of Maryland, vs. Anthracite Fuel Corporation, a corporation organized under the laws of the State of Maryland.

Upon the petition filed in this cause this day, it is this 28th day of December, 1944, by the Circuit Court No. 2 of Baltimore City, ordered and decreed that the decree passed in this cause on the 28th day of June, 1928, be amended to the end that—

(a) Safe Deposit and Trust Company of Baltimore, Trustee in this proceeding, be and it is authorized, in lieu of cash, to receive pro tanto from the purchaser of the property, Anthracite Fuel Corporation First Mortgage 7% Bonds with the coupons appurtenant thereto in sufficient amount to satisfy the whole consideration for which the property was sold less that portion of said whole consideration which is due and owing upon the distribution thereof, to the holders of the bonds of said issue which were not deposited under the Bondholders' Agreement specified in said petition and to the holder of $200 principal amount of certificates of beneficial interest in certain of said bonds not deposited under said Bondholders' Agreement also as specified in said petition, which amount of cash the purchaser of said property is directed to pay to said Trustee; and upon said payment

(b) the ratification of the report of sale made herein on the 13th of August, 1928, be confirmed and that said sale be finally ratified;

all unless cause to the contrary be shown on or before the 10th day of January, 1945, provided, that a copy of this order be published at least once a week for two successive weeks in a daily newspaper published in the City of Baltimore.

W. Conwell Smith.

Atlanta & Charlotte Air Line Railway. Press report 12/11/45: The Southern Railway Company asked the Interstate Commerce Commission for authority to acquire control of the Atlanta and Charlotte Air Line Railway.

The Southern proposes to buy 15,719 shares of Air Line's outstanding capital stock at an option price of $250 a share and to purchase the remaining 1,281 shares of capital stock, if obtainable at the same price.

Air Line's double-track line extends from Charlotte Junction, N. C., to Armour, Ga., a distance of 254.11 miles with no branch line mileage.

The Southern has operated Air Line under lease since 1881 as an integral part of its main line from Washington, D. C., to Atlanta, Birmingham, Mobile and New Orleans.

Atlanta Realty Company. Incorporated in Georgia and has not registered with the Department of State of Georgia since 1930, which would indicate that it is no longer in existence. The officers were: Joel Hurt, Jr., President, and S. L. Hurt, Vice President. Mr. Joel Hurt, P. O. Box 77, Birmingham, Ala., informed us that Joel Hurt, his uncle, now of Miami, Fla., was the principal in this company.

Atlanta Realty Company. The First National Bank, Atlanta, Georgia, informed us that C/D for the First Mortgage Bonds received the following payments in liquidation: September 4, 1935–20%, November 13, 1935–54.561%, Final, 1935–6.64%.

The certificates should be presented to the bank or Trustee that issued the certificate. The Independence Indemnity Company was taken over by the International Re-Insurance Corporation, which was dissolved on April 19, 1933. This is a Federal Receivership, and all inquiries should be addressed to Mr. Thomas Marple in care of the Receivers of the International Re-Insurance Corporation at 12 South 12th Street, Phila.

Value of Guaranty #MA 20 of Independence Indemnity Company of Philadelphia, Pa., dated 7/2/25 covering $1,000 Atlanta Realty Corporation (Hurt Building) First Mortgage Real Estate Bond due 1/1/39 Bond #2615 with Trust Receipt #47 dated 7/25/32 Attached Receipt Stamped 70% of full face amount Value Paid dated 11/5/36 also Stamped 5.0715% of Face Value Paid 11/5/36.

Mr. Edward V. Siedler, For the Receivers, International Re-Insurance Corporation, 12 South 12th Street, Philadelphia, Pa., informed us as follows on January 25, 1946: "In reply to your letter of January 4th concerning Trust Receipt #47 issued by Independence Indemnity Company covering Atlanta Realty Corporation Guaranty, I wish to advise that certain payments were made on these certificates by the ancillary receivers of International Re-Insurance Corporation, such payments totaling 75.0715%. In your particular situation we are unable to locate the filing of a proof of claim for this certificate in the receivership proceedings of International Re-Insurance Corporation. If you desire to make a claim for the balance of the Certificate it will be necessary for you to file a proof of claim and submit the original trust receipt for our examination. If everything is in order you would be entitled to a proof of claim allowance in the amount of approximately $250.00 and such allowance would participate in whatever distribution is authorized by the Court of Chancery of Delaware on claims allowed in this receivership. At the present time we are unable to state what dividends will be paid for the reason that approximately 4,000 claims are pending before the special master on exception filed by the receivers. It is our judgment in the face of these contingencies that a dividend of 10% may be paid at some

Press report:

Stockholders of the Atwood Machine Company of Stonington have voted approval of the sale of the company to Farrel-Birmingham Company, Inc., of Ansonia, effective April 2. President Franklin R. Hoadley of the Atwood concern was elected president of Farrel-Birmingham, and W. M. Fraser of Westerly, now vice-president of Atwood, was named general manager of the plant.

The meeting was held Thursday in New London following the hearing in Superior Court there of an amicable suit in which Mr. Hoadley, trustee holder of more than half of the Atwood stock, sought advice as to whether or not to sell. Judge Edward J. Quinlan advised the sale.

The Ansonia company will pay $200,000 for the Atwood plant and business and 70 per cent of the audited value for its inventory.

Name State Date Charter Forfeited Vol.

Peerless Weighing and Vending Machine Corporation. Mr. Chambers informed us that the company owns some patents on a machine that was used by the Union News Company in the subways. Nothing has been done with the patents for some time, and the company is being kept alive in hope that something would be done after the war. We understand that the Peerless Weighing & Vending Machine Corporation holds a note which will have to be paid off before anything can be paid to the stockholders. The prospects of paying off this note is remote, and can expect little, if anything for the stock.

Press report 3/17/45:
The 197-acre golf course of the Avon Country Club, Inc., in Avon was foreclosed in the Superior Court Friday in an action by the Simsbury Bank and Trust Company for a debt of $30,980.33. Judge Ernest A. Inglis fixed March 27 as the redemption day.
The property, which includes a clubhouse, will be taken over soon by the City Club of Hartford, Willis G. Parsons, attorney for the bank, told the court.
John T. Dunn, Jr., real estate appraiser, said the present value of the country club property is $35,000, divided as follows: land, $20,000; building, $11,000; personal property, $4,000.

Avondale Club (The). Incorporated in Ohio in 1914, not for profit. Mr. Joseph L. Mayer, one of the incorporators, located at Atlas Bank Bldg., Cincinnati, Ohio, informed us on January 28, 1946, that this Club went out of existence a number of years ago and its assets liquidated at that time. The Club had two classes of stock, one which participated in the ownership of the property and the other a mere membership stock. If you hold membership stock it has no value. If you hold the other, please get in touch with Mr. Meyer.

Bacon, F. E., & Co., Inc. Incorporated in Massachusetts and was located at 326 A Street, Boston, Mass. The corporation was dissolved in 1924. The last report was filed April 14, 1921. The First National Bank of Boston, Mass., informed us as follows on March 29, 1945: "This is in reply to your letter of March 26th, in which you inquired about the status of the 5% First Mortgage bond of F. E. Bacon & Co., Inc. The Lincoln Trust Company, mentioned as the Trustee of this bond issue, was taken over quite some years ago by another institution, which subsequently was merged with this bank. There appears to be no available records of the bond issue in question, but a former Lincoln employee recalls that the Bacons sold only a small amount of the bonds, and these presumably to their own friends. We find no record here of the company's having gone into bankruptcy and our informant has an idea that the business was liquidated and there was little or nothing left in the end, even for the First Mortgage bondholders. Officially the subject was dissolved as a Massachusetts corporation in 1924." In view of the foregoing, we do not believe the bond has any value.

Baker, J. Lee. First Mortgage 6½% Bonds Dated February 1, 1926. The Detroit Trust Company, Detroit, Michigan, informed us as follows on November 24, 1944: Subsequent to our last letter to you sufficient funds have accumulated from the liquidation of the property which constitutes the security for this issue over and above the amount deemed necessary for administration and tax purposes to warrant the immediate distribution of a 5% principal liquidating dividend. In order to receive your principal liquidating dividend please present your Certificate of Deposit for endorsement personally or by registered mail to the Detroit Trust Company, 201 West Fort Street, Detroit 31, Michigan, windows #9 or #10, on the first floor, whereupon you will receive a check in the amount of $50.00 for each $1,000.00 bond presented. Heretofore 67½% or $675.00 of principal has been paid on each $1,000.00 bond, consequently after payment of the within dividend of 5% the total principal paid will amount to 72½% leaving 27½% or $275.00 of principal, as well as accrued interest, still owing per each bond having an original par value of $1,000.00.

Ball & Wood Company. Incorporated in New Jersey on January 23, 1891. An Amendment was filed on November 2, 1904 changing its name to Ball-Wood Co. On December 18, 1911 the company changed its name to The Ball-Wood Co.

Ball-Wood Company (The). Incorporated in New Jersey on December 14, 1911, and on December 18, 1911, changed its name to The Ballwood Company. Said corporation was dissolved by action of its stockholders on February 4, 1937. The last known officers were:

President: Anthony J. Wahl, 68 Clinton Rd., Glen Ridge, N. J.
Vice Pres: Axel V. Beeken, 30 Church Street, New York City.
Secretary: K. W. Peck, 165 Franklin St., Bloomfield, N. J.

Miss Peck informed us on October 18, 1945, that all of the stock was purchased by a Mr. Hughes at a very high price, and that no shares are outstanding. Mr. Hughes in turn sold the company to Midwest Piping and Supply Company, of 1450 South 2nd Street, St. Louis, Mo. Mr. Axel V. Beeken, of 30 Church Street, New York City, is familiar with the stock and stockholders. It is possible that new stock of The Ballwood Company was issued to stockholders of record in exchange for stock of The Ball-Wood Company without calling the stock in. It is possible that your client sold his stock of The Ballwood Company to Mr. Hughes. Miss Peck informed us that any outstanding shares would be worthless, and the only shares outstanding are those of The Ball-Wood Company.

Banco Kentucky. Press report: Covington, Ky., Oct. 18, 1944 (AP).—Ten-year litigation involving the defunct Banco Kentucky ended today with a final judgment handed down by United States District Judge Mac-Swinford by which stockholders must pay approximately $100,000. Judge Swinford's order was in line with a Supreme Court decision in a case involving the bank, originating in the western judicial district of the state. Robert S. Marx, who argued the case for the western district before the Supreme Court, appeared on behalf of Arthur M. Anderson, receiver of Louisville, today. More than two-thirds of the stockholders in the eastern district have paid their assessments since the Supreme Court decision of last March 6, Mr. Marx said. The original assessment against more than 6,000 stockholders totaled $4,000,000. The Supreme Court held that stockholders were personally liable for losses suffered by depositors when Banco Kentucky failed.

Bankers Industrial Service, Inc. Incorporated in Delaware and filed its last report in 1935. The corporation lost its charter on April 1, 1940. On November 6, 1939, the Department of Justice indicted Mr. Leo. E. Gaffeney, President of the company, located at Plainfield, N. J., Willard R. Jeffrey of Scranton, Pa., and Medford H. White of Wilmington, Del., and others for violation of fraud provisions of the Securities Act of 1933, mail fraud and conspiracy. The court having jurisdiction in this case was the United States District Court for the Southern District of New York. The company claimed that dividends were paid out of earnings, instead of which, the company paid dividends out of the sales of stock. When the sales ceased the company had no assets and its shares became worthless.

Barzan Corporation. Incorporated in Delaware on September 7, 1928, and is no longer in existence having become inoperative and void April 1, 1934. The President and Treasurer is listed as M. E. Simond, 39 Broadway, New York City. Mr. Maynard E. Simond c/o F. Eberstadt & Co., 39 Broadway, New York City informed us as follows on November 30, 1945: "I was very much surprised to have your letter of November 28th advising that a client of yours holds some Barzan Corporation Class 'A' stock I would much appreciate your advising the name of your client, how the stock was acquired and how long it has been held. It happens that Barzan Corporation was set up as a personal holding company of mine."

Bates Manufacturing Co. Press report Jan. 18, 1946: Bates Manufacturing, Inc., has been formed through the amalgamation of Bates Manufacturing Company with Androscoggin Mills, Hill Manufacturing Company, Edwards Manufacturing Company, York Manufacturing Company, and Bates Fabrics, Inc., it was announced yesterday by H. D. Ruhm Jr., president of Bates Fabrics, Inc., and Bates Manufacturing Company. On Dec. 21 the Bates Manufacturing Company sold about 256,500 new shares of stock at $25 a share to a group of underwriters headed by First Boston Corporation and Coffin & Burr. Proceeds were used to purchase the plants, properties and inventories of Androscoggin Mills and Hill Manufacturing in Lewiston, Me., and to finance purchase by the wholly owned subsidiary, the Bates Company, of similar assets of Edward Manufacturing in Augusta, Me., and York Manufacturing in Saco, Me.

Beacon Hill Company. Incorporated in Massachusetts and was dissolved on December 22, 1943. Mr. Philip Young, former President of the company located at 209 Washington Street, Boston, Mass., in care of Baker, Young & Company, Inc., informed us on October 4, 1945, that this company was dissolved as of November 1, 1943, as a result of the Suffolk Savings Bank for Seamen and Others, of Boston, taking the property under foreclosure proceedings because of the non-satisfaction of the first mortgage which the bank held. There were no assets remaining for the securities junior to the first mortgage. The stock and coupons are therefore worthless.

Beals Construction Company, Inc. N. Y. 1937.
Beals, Edward E.

First Mortgage Bonds Dated July 2, 1928: The Detroit Trust Company, Detroit, Michigan, informed us as follows on 10/23/44:

Under date of May 3rd, 1941, the Committee after analyzing the security for bonds of this issue, submitted to the bondholders a program for liquidation of the assets consisting principally of Canadian real estate, or, as an alternative, to abandon such real estate and distribute the cash on hand to the bondholders. Practically without exception, the bondholders expressed their desire that the Committee proceed with its Plan of Liquidation and the results have apparently justified this course. Since that date, liquidating dividends have been paid as follows:

Date	Rate	Total
November, 1941	1½% (equivalent to $15 per $1000 bond)	$5422.50
March, 1943	2% (equivalent to $20 per $1000 bond)	$7230.00

A liquidating dividend of 2% was also paid in March, 1936.

All of the assets appertaining to the security for the outstanding bonds have now being liquidated and the Detroit Trust Company, Fiscal Agent, has heretofore advised the Committee that it has funds in the amount of $7070.71 available for distribution as the Committee may direct.

The Committee thereupon filed a petition with the Public Trust Commission for authorization to distribute these funds in the following manner:

Liquidating Dividend of 1½%	$5422.50
Detroit Trust Company Depositary	1000.00
Bondholders' Protective Committee	500.00
Detroit Trust Company for Cost of Final Distribution and Incidental Expenses of the Committee and Depositary	148.21
	$7070.71

The petition of the Committee was approved by the Commission, and bondholders are hereby notified that payment of this fourth and final liquidating dividend equivalent to $15 per $1000 bond, will be paid to them upon presentation of their Certificates of Deposit or actual Bonds, as the case may be, to the Detroit Trust Company, Re-organization Department, Detroit 31, Michigan. Certificates of Deposit must be properly endorsed, witnessed and signature guaranteed by an officer of your local Bank or Trust Company, or by a member of the Detroit or New York Stock Exchange. The Certificate of Deposit must be surrendered upon payment of this dividend but the actual Bonds represented by such Certificates will be returned to their respective owners.

These Bonds are the personal obligation of Mr. Edward E. Beals, aind as such constitute a claim against him for the unpaid balance due thereon. Any bondholder may personally pursue such claim by action against Mr. Beals, or may request the Successor Trustee, Mr. Scott E. Lamb, 2988 East Grand Boulevard, Detroit 2, Michigan, to do so. The Trustee, however, will proceed with such claim only if properly indemnified and placed in funds for the purpose of commencing such action as provided by the terms of the Trust Indenture under which such Bonds were issued. The Committee and Trustee have heretofore investigated the financial responsibility of Mr. Beals and were satisfied that no recovery could be had by their taking any action on his personal liability on these bonds.

The Committee having completed its duties and discharged its obligations as approved by the Public Trust Commission, has filed its accounts with the Detroit Trust Company. Depositary and Fiscal Agent, where they may be examined by any Depositor upon request. In due course, the Committee will be dissolved and a petition filed with the Public Trust Commission for cancellation of its license.

Belvidere Electric & Gas Lighting Company. Mr. U. G. Pursell, Clerk of the Town of Belvidere, N. J., informed us on October 21, 1944, that he does not think this company ever functioned, for he arrived in Belvidere on June 3, 1889 and there was no gas or electric plant there at that time. We found no record of this company with the Public Utility Commission nor in our library records. It would appear that the bonds were sold on the basis of the contract with the town but apparently the financing was inadequate, and the project was abandoned. It is our opinion that the bonds are without value.

Bennett Manufacturing Corporation. The Office of Clerk of the Courts, Taunton, Mass., informed us as follows:

" . . . Apparently the Bennett Manufacturing Corporation was involved in considerable litigation, and I find in the equity case of Stevens W. Hayes vs. Bennett Manufacturing Corporation, in the first report and account of receivers, that the receivers operated the business until the 18th day of January 1898 when by order of Court they sold to Loum Snow and Edward S. Brown, Trustees, all the property of the corporation for the sum of $1,080,000. There was a balance for distribution of $1,056,300. which was apparently available to be paid pro rata to creditors whose claims had been approved and allowed by the Court. By decree filed and entered February 19, 1898, pursuant to the filing of the Receivers' report, the receivers were ordered to pay all creditors whose claims were allowed a dividend of 59 7/10ths% upon their respective claims."

In view of the above, the shares are without value, as the creditors were not paid in full.

Berol Corporation. Incorporated in Delaware on February 5, 1932, and filed Consent to Dissolution on April 1, 1936. The last report filed in 1933 showed Robert Beyer as President, and H. Ruhlinder, Treasurer. Mr. Beyer was also President of Beyer Research Laboratories, Inc., and Mr. P. J. Holdsworth, Secretary, who is located at 39 Broadway, New York City. Mr. Holdsworth informed us that he does not know anything about either company, and that Dr. Robert Beyer left this country many years ago. Under the circumstances, we believe the shares of both companies are worthless.

Black Bear Mines Company. Incorporated in Idaho on Feb. 24, 1917 and is located at Wallace, Idaho. The officers are:
President: Walter H. Hanson, Wallace, Idaho.
Treasurer: H. J. Arnett, Wallace, Idaho.
Black Bear Mines Company (Idaho). Mr. Walter H. Hanson, President, and attorney, located at Wallace, Idaho, informed us as follows on May 28, 1946: "Replying to your inquiry of May 20th concerning the Black Bear Mines Company stock, I will state that this stock is not listed and so far as I can recall, never has been. I have not known of a certificate to come in for transfer for quite a while, so I feel safe in saying there is no activity in the stock either on or off the counter. I think it probably has merit and some day may develop into a producing and commercial mine, but it has not reached that stage yet by a long ways. However, mining is picking up and it is possible that some real development might occure upon the property before present conditions start to sag."

The Tax Assessor of Yuma County, Yuma, Arizona, informed us on October 31, 1944, that this company is no longer on the Tax Roll of Yuma County.

Name State Date Charter Forfeited Vol.

Part of the claims have been taken over by Mrs. D. W. Hubbard, 1060 Government Street, Mobile, Ala. This seems peculiar because a Mr. A. Hubbard was a former director of the company.

Black Rock Tungsten Mines, Inc. Incorporated in Nevada and lost its charter on the first Monday of March, 1943. Mr. George B. Thatcher, attorney, and former President of the company, located at 206 North Virginia Street, Reno, Nevada, informed us as follows on May 2, 1946:
"The Black Rock Tungsten Mines, Inc., owned stock and held notes of Tungsten of California, a California corporation. The latter company went into bankruptcy in the late part of 1941. The stock in Black Rock Tungsten, in my opinion, became valueless at that time, and since that date we have not even kept up the $5 annual filing fee necessary to keep the corporation alive. Mrs. Stack, one of our clients, wrote all of this investment off in filing her income tax for 1941."

First Mortgage 6% Bonds Dated June 1, 1926, or C/D.

The Detroit Trust Co., Detroit, Mich., informed us as follows on Nov. 6, 1945:

Liquidating dividends #1 through #6, aggregating 49%, have been heretofore made available to bondholders. Assets remaining in the trust, at the time Liquidating Dividend #6 was made available on May 3, 1943, have been completely reduced to cash, and a final liquidating dividend is now in order.

Cash on hand amounts to $4,056.00; of this amount $156.00 has been applied against trustee's fees and expenses, and $3,900.00 will be used to make a final liquidating dividend of 13% ($130.00 per $1,000.00 bond) to the holders of $30,000 par value of bonds presently outstanding. In order to receive this payment the holders of bonds, or Certificates of Deposit, should promptly present them to the Detroit Trust Co.

Press report 12/3/1944:

Chief Judge W. Conwell Smith signed an order in the Circuit Court No. 2 yesterday appointing John S. Mahle, receiver under bond of $2,000 for the assets of the Bond Construction Corporation, 10 West Chase street. An order was also signed naming Joseph Loeffler and I. William Schimmel counsel to the receiver.

The order was signed upon a bill of complaint filed recently by Walter J. Crismer & Son and Heer Bros., Inc., who claimed they were creditors of the defendant in sums aggregating $625.42 and alleged that the defendant was unable to pay its debts in the usual course of business. The defendant, by Mr. Schimmel, its solicitor, filed an answer admitting its inability to pay its debts in the usual course of busi-

Boone Oil Company. Incorporated in Delaware and reorganized as the Boone Consolidated Oil Corporation. The corporation was reported to have had leases in Louisiana, Kentucky, Texas, Missouri and Columbia, S. A. In 1923 the corporation was reported having an office at 149 Broadway, New York City. The corporation became inoperative and void on March 26, 1927. There was no distribution of assets to stockholders, as the company never owned any property. The funds received from stock sales were used in drilling for oil they never found. When they exhausted their funds, the company went out of business. The stock has never had any value since its inception. Stock was offered at 3c per share in 1925 with no bids. The shares are entirely worthless.

Boston Mines Company. Mr. W. R. Allen, Chairman of Board, informed us as follows on March 8, 1946: Organized under the Laws of Montana in 1944. Principal place of business Dillon, Montana. Capital Stock 7,500,000 Shares Common of the Par Value of $1.00 per share. No preferred stock or funded debt. Annual Meeting of Stockholders first Monday in August. Directors: W. R. Allen, Wise River, Montana: Jacob Solar, North Bergen, New Jersey; Dr. Frank W. Harrah, Columbus, Ohio; Frank P. Madden, Dillon, Montana; Frank H. Tyro, Dillon, Montana. Officers: W. R. Allen, Chairman of Board; Jacob Solar, President; Frank P. Madden, Vice-President; Frank H. Tyro, Treasurer; Bruce A. Risely, C.P.A., Secretary, Dillon, Montana. This Company is a Re-organization of the National Boston Montana Mines Corporation which went into receivership in 1936. Through an assessment of 2½c per share on the stock of the old company outstanding and the sale of obsolete and unneeded machinery and equipment a re-organization committee representing the stockholders purchased from the receivers and deeded to this company all the properties of the old company, with the understanding that stockholders of the old company who paid the assessments would receive stock in the new company share per share. This exchange is now being made and when completed about 6,0000,000 shares will be used for this purpose, leaving about 1,500,000 shares for Treasury purposes. The properties deeded by the Committee to this company comprises about 1600 acres of patented and unpatented mining claims in the Elkhorn Mining District, Beaverhead County, Montana and about 1200 acres of patented mining claims in French Gulch district, Deer Lodge County, Montana. At Elkhorn, several miles of tunnels, shafts and upraises have opened five veins 3 to 15 feet wide each from the 1000 foot level up—exposing more than 200,000 to of indicated ore. This property is equipped with buildings, 750 ton concentration flotation mill assay office, sawmill and all necessary mine cars, rail pipe compressors, etc. Ores in this camp are in sulphide form and carry copper, lead, zinc, gold and silver. At French Gulch about 25,000 tons of gold, silver, lead and copper ore are indicated on the Spain claim and more or less blocked, but the principal value of this property is perhaps in its 450 acres of placer ground which has already produced several million dollars in gold and in a large aplite porphyr dike crossing the property for about 2 miles, 300 feet wide, carrying low grade gold values—comparable to some of the low grade gold producers of this country.

Brooklyn Athenaeum and Reading Room. Value of Stock Dated 1882.
The Brooklyn Public Library, Grand Army Plaza, Brooklyn, New York, informed us as follows on November 23, 1945:
"In reply to your inquiry of November 21 we can advise you that certificates of stock of The Brooklyn Athenaeum have no value. In 1869 the original Athenaeum was consolidated with the Mercantile Library and the book collection was moved to a new building at 197 Montague Street. By Chapter 606 of the laws of 1902 a new corporation was formed under the name of Brooklyn Public Library which was a consolidation of the Athenaeum and the Mercantile Library. The new corporation received all the property of the Mercantile Library and the Brooklyn Athenaeum, estimated to exceed $850,000. The City of New York agreed to appropriate an adequate sum annually to maintain the whole system."

Brothers Valley Coal Company, Somerset, Pa.

Mr. H. R. Reed, President of the company, informed us as follows on December 6, 1944: " . . . we are sorry to advise that the company has exhausted practically all of its coal and ceased operating the mines located on the railroads. We have, in the past few years, been operating a small domestic mine and selling a little outside coal. We see practically no chance of any of the stock of the company ever again having any value. We are attaching hereto a copy of the last trial balance which will give you a little better understanding of the status of the company."

Brougher Divide Mining Co. Press report 3/22/45:

Tonopah, Nev. – W. J. Frank and R. T. Morris have purchased the property of the Brougher Divide in Esmeralda county from that county and are planning on opening it up as soon as equipment can be assembled. The ground comprises six claims and is credited with a considerable production of gold and silver ore.

Bufa Corporation	10
Bufa Mining, Milling & Smelting Company. Incorporated in Arizona on June 25, 1902, and filed its last report in 1930. The last address of the company was 1030 Van Nuys Bldg., Los Angeles, Calif. Mail was returned from this address. This company held some mining claims in Mexico, and has been idle since 1911. We do not believe these Mexican properties have any value today. It is our opinion that the shares are worthless.

Buffalo, Niagara & Eastern Power Corporation. Press report Oct. 3, 1944: Plans for reorganization of the Buffalo, Niagara & Eastern Power Corporation were filed today with the Securities and Exchange Commission by both the Buffalo subsidiary and the Niagara Hudson Power Corporation. The plans are substantially identical, except in the proportion of new common stock to be offered Niagara Hudson. The plan of Niagara Hudson would give it about 35 per cent of the new common in exchange for present holdings of nearly all the class A and common stocks of Buffalo, Niagara. The plan of the subsidiary offers about 9 per cent. Under each plan the remainder of the new common would be allocated to holders of the $1.60 preferred stock of the Buffalo, Niagara company.

Burnt Mills Land Company. Incorporated in New Jersey on December 18, 1929, and is located at 40 Wall Street, New York City, in care of Mr. W. Thorn Kissel, President and Treasurer.	
Burnt Mills Land Company. Mr. Percy W. Crane, a partner in the law firm of Winthrop, Stimson, Putnam & Roberts, located at 32 Liberty Street, New York City, informed us as follows on March 23, 1945: "Mr. Thorn Kissel has referred to me, as attorney for Burnt Mills Land Company, your letter of February 27th, inquiring as to the value of the company's stock, but you do not state as of what date you wish the value given. However, there has been no change in the value of the stock for several years. The facts are as follows: The corporation was organized in New Jersey in 1929. It has authorized capital stock of 5,000 shares having no par value.	

On December 9, 1941 there were issued and outstanding 2,030 shares which had been issued at $50 per share. There have been no sales of stock by stockholders as far as the stock transfer books show. The only asset of the company consists of a large tract of land which it acquired in 1930 in and near Burnt Mills, New Jersey, which it leased in 1931 to the Burnt Mills Polo Club for a term of 99 years to be used exclusively as polo fields and in general, for the promotion of the game of polo. No net income is derived from the lease because the rental is fixed at an amount equal to the annual real estate taxes, franchise taxes, mortgage interest and all current and necessary expenses, except construction and other capital costs which might be paid out by the lessor. Inasmuch as there can be no net income to the corporation from the property under the terms of said lease, the lease in reality constitutes an encumberance on the property. It would, therefore, seem that the stock should be given only a nominal value upon the termination or forfeiture of the lease. I believe that in other estates it has been valued at $1.00 per share."

Calumet & Jerome Copper Company. Value of Capital Stock.

Incorporated in Arizona, and held certain claims in Yavapai County, Arizona. In 1928 this company was reported as an idle prospect with some promise but in need of capital for further development. In 1929 judgment in the sum of $41,620.02 was awarded to Mr. G. W. Avery, President of the company, against Calumet & Jerome Copper Company for amounts due on promissory notes secured by realty mortgages on the company's property. The company lost its property and went out of existence in 1929. Therefore, I submit the shares as worthless as of January 7, 1945, the date of the decedent's death.

Cameron Iron & Coal Company.

The New York Stock Exchange informed us as follows on Nov. 29, 1943.

Our records show that 27,200 shares of the Capital Stock ($100 par value) of the Cameron Iron & Coal Company, incorporated under the laws of the Commonwealth of Pennsylvania, were admitted to the list on February 1, 1887, pursuant to an application dated January 10, 1887.

The application of the Company states, among other things, that the lands possessed by the Company were formerly the property of the Cameron Coal Company, a corporation whose affairs are practically wound up and which retires from business entirely freed from indebtedness, all debts and claims of such company having been fully satisfied and paid in cash.

The Capital Stock of this Company was stricken from the list on December 28, 1892, upon receipt of information that the Company had discontinued its transfer facilities.

Camp Quinipet, Inc. Incorporated in New Jersey on May 23, 1924. Mr. Lester H. Clee, Treasurer of the company, located at 15 James Street, Newark, N. J., informed us on March 9, 1945, that the company is still in existence. The company has made no profits for the past 12 years and have paid no dividends. The camp is leased, and the income received makes it possible to care for the taxes, repairs, caretaker and insurance only. When, and if the property is sold, it would perhaps mean something to the stockholders. The stock has a problematical value.

Campagna Construction Corporation, East Hartford, Conn.

Press report 10/25/44:

The special examination of officials, employees and business affiliates of the bankrupt Campagna Construction Corporation of East Hartford was continued until November 9, when witnesses were instructed for the second time by U. S. Referee in Bankruptcy Saul Berman to bring the books which will explain how $1,300,000, most of it in government money, was spent since February of this year.

Leonard Cowan, of New York City, accountant for the bankrupt firm and its affiliated companies, who was ordered by the court to bring the company's books to the hearing Tuesday, declared that it was "impossible" for him to explain the company's disbursements because he did not have the cash disbursement book.

Judge Berman ordered that the missing book which is said to be in the possession of Sidney Abramson, trustee of the estate, be produced along with a statement of affairs, at the hearing November 9 when more witnesses will be heard.

Mr. Cowan one of four questioned by Attorney A. S. Albrecht, revealed during his testimony that Anthony Campagna of New York City accepted $35,000 in notes from other companies in which the Campagna Brothers are officers, in payment for a $20,000 loan. Joseph A. Campagna, president of the Campagna Construction Corporation later said that the notes were of questionable value, "probably not worth $2000." The notes were issued to Anthony Campagna in July.

Mr. Cowan told Mr. Albrecht that he knew the company was insolvent as early as September 8. A voluntary petition in bankruptcy, listing liabilities of $618,410.26 was filed October 2.

Lost $70,000 in Fire.

Although the company received $65,000 in insurance after the barge plant fire in January, Mr. Cowan said that a loss of $70,000 was incurred because of underinsurance. When asked if this loss was due to the negligence of the company's officers, Attorney Frank Rich of Stamford, counsel for the Campagna Construction Company, objected.

The company accountant said the losses had to be determined without most of the books which were allegedly burned in the fire. Joseph Campagna, when questioned later about books taken from a safe which was opened by a welder following the fire, said that the books were taken to the cellar of his house and were later "pitched out" because they were four years old and not in any way connected with the barge contracts.

Mr. Cowan also stated that the Government paid $396,000 on the barges, 75 of which were shipped, and 25, in partial stages of completion were destroyed in the fire.

Richard Sarver, of East Hartford, employed as an expeditor at $50 a week, was questioned by Mr. Albrecht, and by Reuben Sudarsky, who assisted Mr. Albrecht, said that checks totaling $2300 made payable to him in February and in June were, for traveling expenses.

He said that he did "personal errands" for the Campagna's, several of which were to buy over $500 worth of liquor. The liquor was for Christmas presents for persons with whom the Campagnas did business, he explained.

Gave to Chief, Is Claim

"Name of these persons," Mr. Sudarsky said.

"They gave the fire chief in East Hartford a basket of liquor." Mr. Sarver said.

The chief, Frank Meunier, during the investigation following the fire stated "it is apparently not a natural fire."

Mr. Sarver was unable to recall specifically what checks for $2500 and $4000, payable to cash and endorsed by him, were for. He asserted that he received no money except his salary and expenses incurred in doing business for the company.

Watson Wyckoff, former secretary of the Compagna Construction Company, was questioned during the morning, regarding the connections of the bankrupt firm with half a dozen other related corporations "which were and are believed to be still under the control and management of officers of the bankrupt corporation."

Besides the five East Hartford firms mentioned at the first investigation hearing October 12, he said the Campagnas had an interest in the Canwatco Company, the Stillwater Park Company, the Pencamp Corporation and an interest in a West Virginia coal mine.

During questioning, it was revealed by Mr. Wyckoff, secretary-treasurer of the Millbrook Park Company, that the Millbrook Park Company owes the Campagna Construction Company $7000 which was not listed in the petition of bankruptcy.

Mr. Wyckoff was instructed by Judge Berman to bring all necessary books showing how much the inter-related companies owe the bankrupt firm to the next hearing. "Transportation will be arranged even if a truck is necessary," he stated.

First Mortgage & Leasehold Bonds Dated Nov. 1, 1926; Due by Extension Nov. 1, 1948: The Detroit Trust Co., Detroit, Mich., informed us as follows on April 23, 1945:

Under the Modification and Extension Agreement dated August 31, 1937, your bond or bonds were endorsed to show that unpaid accumulated interest to November 1, 1936 in the amount of $220.00 on each $1,000.00 bond, and $110.00 on each $500.00 bond would be payable November 1, 1948, on which amounts interest has heretofore been paid. Unsubordinated extended bonds now outstanding amount to $100,040 including the face principal of the bonds of $82,000, plus the accumulated interest.

Pursuant to the terms of such Extension Agreement, the company has deposited with the Trustee the sum of $11,411.82, representing accumulations of one-half (½) of the proceeds received from other properties of the mortgagor company, not covered by the mortgage, for immediate distribution. In addition, the company has deposited $6,628.18 from its corporate funds with the request that it likewise be distributed on account of principal, making available in all $18,040 for that purpose, equal to a distribution of $220.00 per $1,000.00 bond on $82,000 face value extended bonds. This payment will reduce the unpaid amount on your bond to the original face value, and will be made on or before May 1, 1945, at which time interest will cease as to the principal payment being made thereon.

First Mortgage 6% Bonds Dated June 1, 1926.

The Detroit Trust Co., Detroit, Mich., informed us as follows on Nov. 2, 1945: In November 1939 practically all of the remaining lots were lost to the State of Michigan for delinquent taxes. Through an arrangement with an interested third party, sixty-nine of these lots were repurchased from the State at the Scavenger Sale on Land Contract under an option agreement whereby the Trustee would receive $6,350 if the option to purchase were exercised in full. The option has been completed and a final liquidating dividend is now in order. Cash on hand, after payment of trustee's and depositary's fees and expenses, amounts to $10,214.50, which sum will be used to make the final liquidating payment to the holders of $65,900 par value of bonds, presently outstanding, at the rate of 15.5% ($155.00 per $1,000 bond). In order to receive this payment bonds should be forwarded promptly to Detroit Trust Co.

Canadian Mineral Lands Development Co., Ltd. Incorporated in Ontario on September 20, 1929 and changed its name to Minerals Development, Limited on March 16, 1932. According to the last Annual Report filed on March 31, 1943, the following were listed as officers:

President: H. Thomson Leslie, 51 Hawarden Cres., Toronto, Ontario. His business address is Room 1221-67 Yonge Street, Toronto, Ontario.

Treasurer: J. A. Doupe, 5 Gremthorpe Road, Toronto, Ontario. London Office: 44 Devonshire Chambers, 146 Bishopgate, London E. C. 2, England.

Our records indicate that the company holds the following: **Mica deposit at Wilberforce, Ontario; a partially developed gold property in the Kenora mining division of Ontario; a copper-gold prospect of 8 claims in Jamieson Twp., Porcupine Area, Ontario; a muscovite mica deposit at Aylen Lake, Ontario; a feldspar deposit at Hybla, Ontario; 14,000 shares of Silica Supplies; 10,000 shares Spooner Gold Mining; 100,000 shares Wascanna Mines, and four claims in the McCool twp., Matheson area, Ontario.**

On May 26, 1945, Mr. J. A. Doupe, Treasurer of the Minerals Development, Limited, informed us that he was unable to secure sufficient information on the status of the original company to appraise the stock, and that the company limited its operations during the year 1939. Mr. Doupe also stated that Minerals Development, Limited, is an entirely separate company. Mr. H. Thomson Leslie informed us on June 1, 1945, that there was a reduction of capitalization from 4,000,000 shares to 1,500,000, and the name of the company was also changed as above by Supplementary Letters Patent. The shares are exchangable one for one, but as there is no value to the stock at the present time, there is no pressing necessity for exchanging the shares.

Mr. Leslie also stated that it is considered possible that some activity in the company's affairs will take place shortly after this war period, and if so, naturally some value in the shares will result.

Carib Syndicate, Ltd. 1943 Issue.	

Carib Syndicate, Limited.

Value of 10 shares of capital stock. Incorporated in New York. This company liquidated and is out of business. The following liquidating dividends were paid by the Manufacturers Trust Company, 55 Broad Street, New York, N. Y.

June, 1941	$1.20 per share
January, 1942	.50 per share
July, 1944	.15 per share final

The first two dividends were mailed to the stockholders of record. I assume, therefore, that the decedent received the first two dividends. The stock must be presented to the Manufacturers Trust Company in order to receive the final dividend. Therefore, I submit 15c per share as a fair

value for the stock, or $1.50 as the value for 10 shares as of December 28, 1944, the date of the decedent's death.

Carib Syndicate, Limited.

Value of right to subscribe to 10/20ths of one share.

This right expired February 9, 1927, and therefore had no value on December 28, 1944, the date of the decedent's death.

Carib Trading Company (Colombia, S. A.) Our records indicate that this company carried on the commercial trading for the Carib Syndicate, Ltd., and the Colombia Emerald Company, and that the stock was worth from $125 per share to $150 in 1920 and sold as high as $375 per share. The Carib Syndicate, Ltd., located at 25 Broadway, New York City, informed us that they know nothing about this company nor had any connection. We have written to South America and will send our final report as soon as possible.

Carl Follen Unit Holding Co. Inc. Incorporated in New York on August 20, 1930, by Anton Korwan, Jr., attorney of record of Kew Gardens, N. Y. Mr. Albert J. Nienstedt, one of the incorporators of the company, who is engaged in the real estate and insurance business at 107-21 Jamaica Avenue, Richmond Hill, New York, informed us on May 9, 1945 "that this company is still in existence holding one parcel of real estate for the benefit of the Carl Follen Unit #103 Steubin Society of America. The income from rents was never sufficient to pay dividends and I being a stockholder gave up any idea of a profit on my stock and considered my cost a donation toward the cause. Stocks were sold to members of the Unit only, so as to combine the interest of members with the property."

action on the offer at a special meeting to be held June 1, the outcome is almost a foregone conclusion. As of Feb. 27, King-Seeley owned 71 per cent of Central Specialty's outstanding stock and may acquire more by May 31 under its extended offer to buy the remainder of outstanding shares at $4 a share. Three-fourths of the outstanding stock must approve the proposed sale and dissolution of Central Specialty before the purchase can be consummated.

Central States Electric Corporation 10

Central States Electric Corporation.
Press report 10/26/44:
Trustees of Central States Electric Corp. have filed with the Federal District Court at Richmond, Virginia, an amended plan for reorganization of the company. This was prepared in conjunction with the Boyce committee representing debenture holders. The amended plan provides for setting up a new corporation, either through amending the present company's charter or through organizing an entirely new company, which would take over bulk of the company's assets from the trustees. These assets comprise chiefly stockholdings in American Cities Power & Light Corp. and Blue Ridge Corp.
The trustees would reserve assets of about $600,000 to take care of reorganization expenses, including expense of conducting the investigation ordered by the circuit court into stockholder claims against the former management, and the costs of any other suits which may be brought.
The stock of the new company would be distributed to debenture holders of Central States Electric Corp. as part payment of their claims of around $21 million. A value would be placed on the new stock to determine the amount of creditor claims paid by issuance of the shares.
Any residue of assets would accrue to stockholders of Central States Electric Corp.
The district court has scheduled a hearing for December 4 on the company's reorganization at which time the amended plan presumaby will be considered.

Central States Electric Corporation. Internal Revenue Department declared Common stock worthless February 26, 1942.

Central States Life Insurance Co., (Mo.). The business was reinsured in the Mutual Savings Life Insurance Company in September, 1941, which was approved by the Circuit Court of the City of St. Louis, Mo. In the Reinsurance Agreement it made no provision for stockholders of the Central States Life and, therefore, such stock had no value on September 6, 1945.

Chalmers Oil & Gas Company. Incorporated in Delaware, and qualified to do business in Maryland. The 1945 report shows Bradley T. J. Mattee, Jr., 2500 Baltimore Trust Bldg., Baltimore, Md., as Vice President. Mr. Mettee informed us as follows on August 20, 1945:

". . . There has been no important change in the status of the company and it is continuing operations in due course. I bought some of the preferred stock about six months ago and paid $1.25 per share, and have bought some common at from 1c to 3c per share. The company is a relatively small one and although current operations and earnings are satisfactory, it is impossible to know what the future will be.

Name State Date Charter Forfeited Vol.

The dividends on the preferred stock are very greatly in arrears and there appears to be very little prospect of any increased dividend rate, which means that further accumulations will accrue. This results in the common stock having only a nominal value."

Press report 4/28/45:

Federal Judge John P. Barnes yesterday admitted a petition to place into bankruptcy under the federal Chandler act the Chicago, Aurora and Elgin Railroad Company which has been in receivership for the last 13 years.

The petition, filed by Claude A. Roth, attorney representing the first and refunding mortgage bondholders, states that, in view of the long receivership, reorganization under bankruptcy could be achieved more speedily.

Mr. Roth pointed out that a receivers' report, dated Dec. 31, 1944, showed a surplus deficit for that year of $219,244, and that two bond issues and one ten-year note issue are now in default.

Bankruptcy to Help

"There is an insurmountable difficulty in attempting to reorganize in a court of equity," Judge Barnes said. "I think it is possible to reorganize this railroad under bankruptcy proceedings. At the present time, due to the war perhaps, there is an excess of income over expenses and I can't see any good reason for waiting any further on reorganization."

Judge Barnes then set a bond of $25,000 for a trustee to be later appointed.

In his petition, Mr. Roth summarized the capital structure of the railroad. There are outstanding prior lien 7 per cent cumulative preferred stocks totaling $746,000, and $1 par value common stock amounting to $95,000.

The first bond issue in default, according to Mr. Roth's petition, is the Aurora-Elgin and Chicago first mortgage refunding bonds totaling $1,837,000, of which $1,695,000 is pledged as collateral for the Chicago, Aurora and Elgin Company, first and refunding bonds Series A.

Of the $4,850,000 total of the first and refunding mortgage bonds themselves, an amount of $4,354,000 is in default. The balance of the issue is held in the company treasury. A ten-year note issue, totaling $3,400,000 is also in default.

Liabilities 12 Million

The petition points out that the current assets of the railroad are $4,820,256, while the total current liabilities add up to $12,132,487. Matured unpaid interest amounts to $6,871,476 and the matured unpaid refunding debt stands at $3,614,000.

Mr. Roth told the court that the company's answer to the petition admits that the railroad is unable to meet matured obligations and is in default on bond interest and principal. He said that the company had been piling up a net operating deficit for nearly every year in receivership prior to the nation's entry into the war.

Chicago, Indianapolis & Louisville Railway Co. Press report January 12, 1946:

Federal Judge Igoe gave the final stamp of approval in Chicago yesterday to the reorganization of the Chicago, Indianapolis and Louisville Railroad (Monon Route) which has been in the courts since 1933, when a voluntary bankruptcy petition was filed.

Judge Igoe affirmed the reorganization plan, having given it approval last June, and since then it has been approved by a two-thirds majority of the various classes of security holders.

The plan approved by the Interstate Commerce Commission, with an effective date of Jan. 1, 1943 wiped out present stockholders and wrote off $14,000,000 in defaulted interest.

Capitalization of the road was reduced from $42,250,000 to $30,000,000, not including the defaulted interest.

New securities issuable under the plan, and to be dated Jan. 1, 1943, included first and second mortgage income bonds totaling $16,500,000 and Class A and B common stock totaling $13,500,000 at $25 a share for either class.

The property was relieved of fixed interest charges of $1,500,000 a year, and substituted for them will be contingent charges of $1,005,704 including $705,704 of contingent interest on new income bonds, $100,000 of sinking funds for bond retirement and $200,000 for additions and betterment funds.

The plan also provided for appointment of these reorganization managers. Judge Igoe last June called the plan "a good one" and one which was "fair and equitable."

Chicago, Nov. 26. - Federal Judge Igoe today signed an order consummating reorganization of Chicago, Milwaukee, St. Paul & Pacific R. R. today.

He will also appoint voting trustees for the railroad. Also awaiting his approval are two petitions submitted by the reorganization committee's counsel asking:

1 - To amend the debtor's articles of incorporation as a Wisconsin corporation and

2 - To turn over physical property to the reorganized company.

Judge Igoe commented on the loss of equity in the reorganized company by common stockholders, pointing out "many millions of dollars of senior securities are not being paid in full and I can see no reason why the common stock should be allowed to participate under these circumstances."

A proposed plan for reorganization of the Chicago, North Shore & Milwaukee Railroad Co. (North Shore Line), providing for a new corporation with capitalization of 500,000 shares of no-par value common stock was filed yesterday with Federal Judge Igoe.

Under the plan all of the 500,000 shares and $3,500,000 in cash would be distributed to holders of mortgage lien bonds of the present company. The proposal calls for the new company to receive the road's property free of mortgage indebtedness. Present stockholders and unsecured creditors would be excluded from participation.

Press report 12/8/44:

Notice

To Claimants, Creditors and Stockholders of the Chicago Rapid Transit Company, Debtor, and Union Consolidated Elevated Railway Company, Subsidiary Debtor (U. S. Dist., Ct. N.D., Ill., E.D., No. 65037), and Creditors of the Receivers and Trustees of said Debtors:

YOU ARE HEREBY NOTIFIED that on November 29, 1944 the undersigned filed in said proceedings an amended plan of reorganization for said Debtors. Some of the more important changes in the amended plan from the plan dated April 3, 1942, heretofore confirmed by the Court June 23, 1942, are as follows:

The initial securities of the new company and their distribution will be:

To security holders of Chicago Surface Lines:

First Mortgage Bonds, Series A, 4%, $45,000,000; First Mortgage Income Bonds, Series B, 4½%, $33,262,020 (or $27,718,350 in the event of an alternative cash distribution of 5% on the $72,718,350 face value of outstanding first mortgage bonds in lieu of $5,543,670 of income bonds); Common Stock (without par value) 636,114 shares.

To security holders of Chicago Rapid Transit Company:

First Mortgage Income Bonds, Series B, 4½%, $7,002,290; Common Stock (without par value) 360,165 shares.

No change is made in the distribution of Series B Bonds among Rapid Transit bondholders. The new common stock takes the place of the preferred and common shares provided for in the plan dated April 3, 1942 and is distributed as nearly as possible as the preferred and common shares were distributed under the former plan.

The first Mortgage Bonds, Series A, will be entitled to a cumulative annual sinking fund, payable if earned in an amount equal to 1% of $45,000,000 during the first 10 years, and thereafter at 1½%, plus 4% of the principal of all such bonds retired by the operation of the sinking fund. Interest on the Series B Bonds is payable only out of earnings after payment of interest and sinking fund requirements on the Series A Bonds, but is fully cumulative. Failure to pay interest on the Series B Bonds when due and payable, but only when such arrears in interest aggregate $180 per $1,000 bond, shall constitute an event of default.

The common stock will initially be held in a voting trust, in which the original trustees and their successors shall be designated by the Court, and the trust agreement shall terminate five years after the ordinance has been accepted by the new company.

The Court has determined that the amended plan may materially affect the rights of creditors of the Debtors and has fixed a hearing for the consideration of such amended plan and any objections or amendments thereto, to be held on December 11, 1944 in Room 627, U. S. Courthouse, Chicago, Illinois, at 10 A. M. Any objections or amendments to such amended plan shall be filed with the clerk of the court, with copies served upon the undersigned, on or before December 10, 1944. Copies of said amended plan are available for inspection at the offices of all indenture trustees of the Debtors, the clerk of said court and the undersigned.

Press report 5/15/45:

Federal Judge Michael L. Igoe yesterday confirmed the amended plan of reorganization for the Chicago, Rock Island & Pacific Railway Company, and disposed by his opinion of the two principal matters in controversy—treatment of the Choctaw & Memphis bondholders, and the question of payment of the road's obligation to the Reconstruction Finance Corporation.

His action paved the way for a return of the plan to the Interstate Commerce Commission, which has already approved it, and its submission to creditors.

Instead of permitting the trustees to pay off C. & M. bonds in cash, as previously proposed, or permitting them to have a non-callable bond for 20 years from maturity of present bonds also proposed, the court ruled that the $3,544,000 of existing bonds would not be disturbed by the plan but would be permitted to mature by their terms on Jan. 1, 1949. At the same time, however, the court found that these bondholders were not entitled to compound interest, but only for a ten-year accrual of simple interest. The group had asked an additional $600,000 for "interest on interest."

Having already ordered the payment of the debt to the Reconstruction Finance Corporation, amounting with accrued interest to about $18,000,000, the court treated that claim as though it were paid, although an appeal is pending in the circuit court of appeals and will be argued here tomorrow.

Judge Igoe, in his opinion, declared that the plan clearly provided for return to the company's treasury of all securities allotted to RFC in the event of payment of the claim before consummation, and that this provision disposes of the objection that payment in cash would permit junior creditors to request a redistribution of new securities.

In the event the circuit court of appeals does not uphold Judge Igoe's order to pay the RFC, legal authorities point out that with confirmation of the plan by the lower court, the worst that can happen is that RFC will receive securities instead of cash, but that the final phases of reorganization can proceed.

The plan as approved sets Jan. 1, 1944, as the effective date, and scales the company's capitalization from $447,494,800 to $356,117,327. New debt would total $128,850,060, preferred stock $75,000,000, and common stock $152,267,267. New fixed charges ahead of dividends will amount to $8,972,472. Under

the plan, $38,011,742 cash is to be distributed to creditors, including $1,762,000 in accrued interest to the C. & M. bondholders. Also, $12,409,600 of new first mortgage bonds are to be realloted among secured creditors other than C. & M. holders. Stockholders of the present company are excluded from participation.

President: Walter J. Cowan, 96 Wall Street, New York City. Vice Pres.: G. T. Lane, Yale Club, New York City. Treasurer: F. P. Pace, 32 Broadway, New York City.

Chivor Emerald Corporation (Delaware). Mr. Francis P. Pace, an attorney, located at 32 Broadway, New York City, informed us as follows on April 17, 1945:
Your letter of Feb. 15th addressed to Mr. Walter J. Cowan has been referred to me for reply.
I am replying to your letter personally since the company no longer has its own office personnel due to lack of funds.
Chivor Emerald Corporation is a holding corporation, owning about 40% of the capital stock of Chivor Emerald Mines, Inc., also a Delaware corporation. Chivor Emerald Corporation has no other assets.
Neither of these corporations has any funds and has not had any funds for several years last past. Neither corporation has ever paid any dividends. The mines, owned by the subsidiary corporation, were closed down several years ago and have not been reopened.
I know of no sales of the capital stock of either of these corporations in over five years for more than four cents a share and I know of no one who would pay anything for stock in either of such corporations now.

To the Holders of Certificates of Beneficial Interest in Churchill Corporation Stock Trust Agreement, dated June 8, 1937, and To Whom It May Concern:

Notice is hereby given that on Monday, May 28, 1945, at 10:15 o'clock A. M., before Honorable Robert J. Dunne, Judge of the Circuit Court of Cook County, Illinois, in Room 729, County Building, Chicago, Illinois in case No. B-193937 in said Court, and under the supervision and direction of the Court, the undersigned, as trustees under said stock trust agreement, (unless the stock trust shall have been terminated by written direction of the certificate holders pursuant to article XI of the stock trust agreement) will offer for sale at public auction and (subject to confirmation and approval by the Court) sell to the highest and best bidder for cash all shares of the capital stock of Churchill Corporation (a Delaware corporation which owns and operates the property at 1255 North State Street, Chicago, Illinois, commonly known as the Churchill Hotel) which on said date shall be held by and stand in the names of the undersigned as trustees. All holders of certificates of beneficial interest in said stock trust who do not on or before the expiration of a period of thirty (30 days after the mailing of notice of said sale, surrender to American National Bank and Trust Company of Chicago, 33 North La Salle Street, Chicago, depositary, their certificates of beneficial interest in exchange for stock certificates for shares of the capital stock of Churchill Corporation will be conclusively deemed to authorize the sale of their shares by the undersigned trustees at the time and place, and for the price and under the conditions aforesaid.

MORRIS E. FEIWELL,
GEORGE S. LURIE,
ANAN RAYMOND.
Trustees under Churchill Corporation stock trust agreement of June 8, 1937.

The liquidating agents of the bank, H. G. Sensinger and Edward G. Diehl, located at 230 North Street, Leighton, Pa., informed us on Sept. 8, 1945, that the assets of the Citizens National Bank and Trust Company are still being handled by the agents of the F. D. I. C. after which they will be turned over to them so it will enable them to pay the R. F. C. for capital stock it holds. At present the agents understand that there will be nothing left for the common stockholders.

Clear-Again, Incorporated. Incorporated in Indiana and was dissolved on March 10, 1943. Mr. Ray B. Maxson, a former resident agent of the company, who is engaged in the securities business at 1408 Marietta Street, South Bend, Indiana, informed us on May 3, 1945 as follows: "Replying to your letter of April 23rd, wish to advise that the man, H. K. Brown of Chicago, who organized and promoted this company, turned out to be a crook and a dead-beat, stole all of the assets to gamble in the wheat market, and, as a result the company failed. I personally, lost $5,600 in addition to a lot of my time and trouble. Brown dropped dead of a heart attack in New York City some time ago." We found no value to the stock.

Clift Mining Company. Incorporated in Montana in 1891 and according to reports held certain claims on Bass Creek, Bitter Root Valley Missoula County, Montana. We found no record of these claims in "Poole" mining directory for 1898. The company never filed a report, and assume that the company went out of business before 1898. The corporation's charter expired by limitation on August 22, 1911. It is our opinion that the shares are without value.

Coahuila Mining & Smelting Company of Mexico. Cattell & Waldron, attorneys, located at Harris Trust Bldg., Chicago, Illinois, informed us as follows on February 27, 1945: ". . . It appears that after the death of Mr. Walter E. Parker, some of the old records of the company were dumped on to Mr. Cattell - he having served many years before as an officer of the company. A part of those items included a group of checks payable to the company, aggregating $450.68, in addition to $1,560. in cash, which Mr. Cattell realized on some claim. It would further appear that over a period of time Mr. Cattell tried to find some way of collecting the amounts due on the checks, but the banks required certificates of authority for en-

dorsement thereof and no way was found for furnishing such authority, the company having been inactive. Neither was a way found of distributing to stockholders, the cash, for there were supposed to be 500,000 shares outstanding. You can readily see that without any liquidation expenses involved each share would be worth about three mills. Any suggestions relative to closing this matter would be considered."

Cobalt Silver Queen, Ltd. (Ontario) 10
Cobalt Silver Queen, Limited. Value of 15 shares of capital stock:
Incorporated in Ontario. At last accounts the company held 55 acres in the Township of Coleman, Ontario. Taxes were paid up to 1941. I understand that the company filed a return in 1942. Mr. E. P. Smith, President of the company, located at 55 Gloucester Street, Toronto, Ontario, informed me on March 17, 1944 that this company is defunct, the mine having been worked out many years ago, and is not actively engaged in business. Apparently the President of the company is paying the taxes on the land with the hopes of selling the land sometime in the future. However, there is no market for the stock at any price, and therefore, do not believe the shares had more than a nominal value of $1.00 for the lot as of December 28, 1944, the date of the decedent's death.

Colourgravure, Incorporated. Incorporated in Delaware on February 24, 1937 and has failed to file reports since then. The corporation lost its charter in January, 1942. Mr. H. E. Benedict, former President of the company, located at 52 Wall Street, New York City, informed us on December 14, 1944, that this company had a contract to obtain certain machinery from Germany. All the funds of the corporation were spent to obtain these contracts, and then found that they could not get the machinery out of Germany. If the company had been successful in getting the machinery over here, they would have been used on some new color process. Mr. Benedict informed us that the company has no assets, and the corporation will not be revived after the war. The shares, are therefore, worthless.

Press report 11/18/44:

Chicago, Nov. 17 (AP).—A plan of liquidation and dissolution of two Insull subsidiaries, Commonwealth Light and Power Co. and Inland Light and Power Corp., was approved today by Federal Judge Philip L. Sullivan.

Under the plan, filed by the trustees, bondholders of Inland will receive $66.75 for each $100 worth of bonds with the possibility of receiving $10 more after expenses and costs of initial distribution are met. Debenture holders will receive $30 for each $100.

Commonwealth bondholders will receive $30 for each $100. Middle West Corp., successor of the old Midwest Utilities Co., has agreed to accept a compromise offer of $924,000 for its claims. Preferred and common-stock holders will not participate in the fund distribution.

The above is located at 15 Borage Place, Forest Hills, Long Island, N. Y. The residents of Forest Hills were required to purchase Non-interest bearing bonds with no maturities, that are subject to all other debts of the church. Mr. William Lewis, Treasurer of the Church, is also in the Trust Department of the Bank of the Manhattan Company, New York City. Mr. Lewis informed us that the bonds have no value. Mr. Lewis also stated that most of the members have donated the bonds back to the Church and deducted the principal amount in their Income Tax, which is allowable. In view of the fact that the bonds entitle the holder to certain privileges, I submit only a nominal value or $1.00 per each $1,000 bond as of November 16, 1943, the date of the decedent's death.

Mr. Kessler informed us as follows on April 8, 1946: "This company has not been operating for a number of years. Mr. Johnesse, the former President, got into difficulty with the S.E.C. and later he died and nothing whatever has been done since. The company, however, has been kept alive and still owns the four properties. Mrs. Johnesse is now President, and she is still hopeful of realizing something for stockholders out of these properties, but personally I am not optimistic. In any event, the stock has no present marketable value."

The company filed its last report in 1919, and its charter expired by limitation on February 11, 1943. Mr. J. W. Rubey, a former officer of the company located at 518 Commerce Bldg., Kansas City, Mo., informed us on June 21, 1945 that the stock of this company has no value as the company is out of business and has no holdings that he knows of. He had 1,000,000 shares of the stock and charged it off long ago. Mr. Rubey stated that the company "went broke". The shares are therefore, worthless.

Continental Oil Company (Maine). Press report:

Notice of Distribution
CONTINENTAL OIL COMPANY
(MAINE)

To the Stockholders of:
Continental Oil Company (Maine)
Mutual Oil Company
Elk Basin Consolidated Petroleum Co.
Elk Basin Petroleum Company

You were previously notified by publication and by mail that by decree of the Supreme Judicial Court of the State of Maine, dated December 9, 1931, the Continental Oil Company (Maine) was dissolved. You were further notified several times of the privilege of exchanging your shares of stock for shares of stock of the Continental Oil Company (Delaware) through the New York Trust Company of New York City, as Agent of the Trustee. This privilege and method of distribtuion in liquidation was terminated by decree of the Supreme Judicial Court of Maine dated March 28, 1946. The assets of Continental Oil Company (Maine) in liquidation on that date consisted only of shares of stock in the Continental Oil Company (Delaware).

All remaining shares of stock in the Continental Oil Company (Delaware) have now been sold by the Trustee on the New York Stock Exchange pursuant to said decree of the Supreme Judicial Court of Maine, dated March 28, 1946. The proceeds thereof are now available for distribution in cash to stockholders in the following proportions based upon the par value of the original shares of stock held by such stockholders:

To the stockholders of Continental Oil Company (Maine).
$10.00 par value. $26.00 per share.
To stockholders of Mutual Oil Company.
$5.00 par value. $13.00 per share.
To stockholders of Elk Basin Consolidated Petroleum Company.
$5.00 par value. $13.00 per share.
To stockholders of Elk Basin Petroleum Company.
$5.00 par value. $13.00 per share.

Fractional shares will be paid at their proportionate rates. Payment will be made by check of the Trustee.

By decree of said Supreme Judicial Court of Maine dated March 28, 1946, it was ordered that the present outstanding stockholders of Continental Oil Company (Maine) including holders of shares in Mutual Oil Company, Elk Basin Consolidated Petroleum Company, and Elk Basin Petroleum Company, be directed and notified to present their respective claims to the undersigned as Trustee, not later than July 1, 1947. All such claims shall be presented in writing signed by the claimant and shall be accompanied by the stock certificate or certificates on which said claim is based or in lieu thereof ownership of shares shall be proved to the satisfaction of said Trustee. Stock certificates so surrendered shall be duly endorsed for transfer. In the event that payment is to be made in a name or names other than the registered holder of the surrendered certificates, the endorser's signature shall be guaranteed by a bank or trust company or by a firm having membership in the New York Stock Exchange. The surrender of stock certificates herein directed is required as evidence of the claimant's right to share in the distribution of the Continental Oil Company's (Maine) assets in liquidation.

Stockholders are urged to send in as soon as possible under Proofs of claim accompanied by their stock certificates as directed by the Court. These should be sent to Robinson Verrill, Trustee, 57 Exchange Street, Portland, Maine. A form of letter of transmittal is enclosed herewith, which, duly signed, will be accepted as written proof of claim.

Stockholders have already been notified many times of the liquidation of this corporation, and the failure of the relatively few remaining stockholders to present their claims is constantly increasing the expense of the liquidation.

ROBINSON VERRILL,
Liquidating Trustee of Continental
Oil Company (Maine),
57 Exchange Street, Portland, Maine.

Continental Shares, Inc. 1943 Issue.

Continental Shares, Inc. The Cleveland Trust Company, Cleveland, Ohio, informed us as follows on February 6, 1946:

"In reply to your letter of February 4, 1946, we advise that the transfer books of Continental Shares, Inc. were permanently closed February 15, 1940 pursuant to plan of liquidation. A new corporation, Liquidating Shares, Inc., was formed to take over and liquidate the assets of Continental Shares, Inc. As indicated in several letters mailed to the registered owners of stock of Continental Shares, Inc., as shown by our records, and in notices published in newspapers of general circulation throughout the country, the right to exchange old shares for stock of the new liquidating company expired February 15, 1941. It is unfortunate that your client's certificates were not presented for exchange before the expiration date, but we are governed strictly by the decisions of the Ohio and Maryland courts which have expressly ruled that where the stock was not transmitted until after February 15, 1941, the holder has failed to comply with the court's previous orders and the offers of exchange made pursuant thereto and that later attempted exchange is void and of no force and effect. No provision was made for unexchanged shares and we are informed that they are now worthless. Liquidation of all assets having been completed, the final liquidating dividend was paid as of Dec. 26, 1941, and the Liquidating Shares, Inc., was subsequently dissolved."

Crescent Public Service Company. Press report October 5, 1944:

Philadelphia, Oct. 5 (AP) - The Crescent Public Service Company, its four subsidiaries and several affiliates filed today with the Securities and Exchange Commission a plan to comply with provisions of the Holding Company act by dissolving Crescent and distributing holdings in the subsidiaries among its security holders.

The first step would be dissolution of the Oklahoma Utilities Company, Bristow, Okla., following the sale of its utility properties for $280,000 to the Oklahoma Natural Gas Company. The other subsidiaries—Central Ohio Light & Power Company, Findlay, Ohio; Colorado Central Power Company, Golden, Col., and Empire Southern Service Company, Big Spring, Tex.—would be recapitalized.

Central Ohio would exchange the 11,972 publicly held shares of its $6 preferred stock for a like number of 4½ per cent $100 par value preferred shares, to be offered share for share. Any remaining shares would be offered publicly to redeem unexchanged shares.

Each of the subsidiaries would reclassify its common stock to a $1 par value and retire shares held by Crescent with the new stock. Excesses of stated value of outstanding stocks over the aggregate par value of the new common stocks would be credited to the subsidiaries' capital surplus accounts.

Following the reclassifications and exchanges, Crescent would offer holders of each $1,000 of its $2,802,000 of Series B 6 per cent income bonds either $1,000 cash plus accrued interest or twenty-seven shares of Central Ohio common, fourteen shares of Colorado Central common and four shares of Empire Southern common. These shares have an estimated value of $1,084.95. Annual income on these shares is estimated at $72, compared with the $60 now paid as interest on the income bonds of $1,000 principal amount.

Holders of Crescent common stock would receive fifteen shares of Central Ohio, eight of Colorado Central and three of Empire Southern for each 100 shares they now hold. This distribution would offer 89 per cent of the subsidiaries common stock to income bondholders of Crescent and 11 per cent to its common stockholders.

Exemption from competitive bidding in the offering of new securities was asked.

Crescent's affiliates who joined in filing the plan are: Helene Curley Rea and Robert W. Rea, Devon, Pa.; Floyd W. Woodcock and Kathleen T. Woodcock, Cecilton, Md.; the Robin Corporation, Wilmington, Del.; the Elberta Corporation and the Tarrant Corporation, both of Baltimore, Md.

Crow Oil and Refining Company. Press report Aug. 2, 1945:

Peoria, Ill., Aug. 2, 1945. (AP) – Two officials of the Crow Oil and Refining Company, charged with fraud in connection with oil land development received prison sentences in federal court yesterday.

Tried under the securities act of 1933, the men were George A. King of Billings, Mont., who was sentenced to two and one-half years, and Erling L. Wernes of Chicago, sentenced to a year and a half.

The government alleged they induced investors to put $80,000 into oil lands of the Crow Indian Reservation in Montana, later defrauding them on their investments.

Curran, J. E., Corporation. Incorporated in New York State on March 13, 1922, and in 1923 had an office in New York City. In 1926 no further trace of the company would be found. It is possible that the company incorporated for a term of years, and therefore, not having formerly dissolved, its charter will not be forfeited until its term expires. We found no value to the stock, which we believe to be worthless.

First Mortgage 6% Bonds Dated September 1, 1927:

The Detroit Trust Co., Detroit, Michigan, informed us as follows on November 28, 1944:

The final "Fiduciary Income Tax Return" has been prepared and filed with the Collector of Internal Revenue in Detroit, Michigan, covering the operation and sale of the trust property and being for the period January 1, 1944 to August 31, 1944. The return reflected an operating profit of $1,556.59 and a long term capital gain of $9,585.45 on the sale of the property of which 50%, or $4,792.73, is taxable. A list of former holders of Certificates of Deposit was filed with the Return.

The distribution in 1944 to former holders of Certificates of Deposit out of the proceeds of the operation and sale of the property, in the amount of $810.00 per $1,000 bond, is classified as follows:

	Per $1,000 Bond
(a) Income from operation	$21.92
(b) Taxable 50% portion of long term capital gain from sale	67.50
(c) Return of capital	720.58
	$810.00

Danville Bessemer Company. Incorporated in Pa. and on May 14, 1901 the stockholders received a distribution of $1 per share. The company was dissolved in 1903. We were never able to find any unclaimed funds, and assume that all the funds were distributed. Another company of the same name was incorporated in New Jersey on August 17, 1899, and was dissolved by the stockholders on December 18, 1903. We found no value to the stock.

Daper Oil Company (The). Incorporated in Michigan and according to the 1944 report, the following were reported as officers: President: U. de B. Daly, Bethesda, Maryland. Vice Pres: W. B. Pardoe, Grand Rapids, Mich.	
Daper Oil Company (Michigan). Mr. U. de B. Daly, President of the Daper Oil Company, 402 Michigan National Bank Bldg., Grand Rapids, Michigan, informed us as follows on July 31, 1945: "In reply to your inquiry of July 17th, this is to advise that for more than ten years The Daper Oil Company has been engaged in wildcatting for oil in Michigan. This, as you know, is a very speculative business and the results in Michigan have been rather unsatisfactory. Because of this, the Daper Oil Company ventures have not been very successful and the stock as of today has no value."

Dead-Broke Mine, S. D.	7-8M
Dead Horse Mining Company. Reported to have been incorporated in California in 1884 and lost its charter in 1905. Our records indicate that the Dead Horse Mine was located near Groveland, Tuolumne County, California. In 1901 the mine was bonded to C. Y. De Lay. This record in the 1901 issue of the Engineers Mining Journal reported that former owners, after	

sinking the shaft 60′, a bad cave occurred. In 1901 new machinery was to be installed to overcome this obstacle. The Dead Horse Mining Company apparently abandoned the property and went out of business a good many years before 1901. It is our opinion that the shares are worthless.

Deer Creek Plantation Co. Incorporated in Mississippi on October 29, 1912, and was located at Valley Park, Mississippi. The National Bank of Commerce, Memphis, Tenn., informed us that they do not hold any funds for the bonds of this company. The First National Bank & Trust Company of Vicksburg, Mississippi, informed us that they are under the impression that this company blew up some years ago. However, the bank also informed us to check with the Chancery Clerk of Issaquena County at Mayersville, Mississippi. A letter addressed to the clerk has not been answered nor returned.

Delano Self Starter Corporation. Incorporated in New York on November 14, 1916 and was located at 300 Madison Avenue, New York City. The company lost its charter by proclamation on December 16, 1929. Mr. William Webster, a former officer of the company referred us to Mr. Chester H. Norton of Katonah, N. Y., who was closely connected with Mr. Delano. Mr. Norton informed us on October 17, 1945, that Mr. Delano resides in Westchester, but there is nothing to be gained, as he threw his stock away long ago, as it was worthless.

Delaware Valley Utilities Company. In a merger of the Northeastern Water Company and the Delaware Valley Utilities Company, each share of $3. Cum. Preferred stock of Delaware Valley Utilities received one share of $2 Preferred stock of Northeastern Water. We suggest that you send your stock to the First National Bank of Jersey City, N. J., to be exchanged for the new stock. We believe you will receive 3 shares of the new $2. preferred stock and $6. of dividends. You can then sell the new stock to G. A. Saxton & Co., Brokers, located at 70 Pine Street, New York City, who today quoted us 35 bid, 36 asked for the new stock. Of course these stocks may or may not sell at those prices when you are ready to sell them, but right now your three shares of stock are worth $112.50.

Denver & Rio Grande Western Railroad Co. Press report 12/14/44:

A scheduled annual meeting of preferred stockholders of the Denver and Rio Grande Western Railroad, at which a preferred stockholders' committee was to have been elected, was adjourned without action because of lack of a quorum.

Under a plan of reorganization certified by the Interstate Commerce Commission the preferred stock was held to have no equity and the plan, despite adverse vote of general mortgage bondholders, is being confirmed by the United States district court of Colorado.

The railroad company's appeal made in the interest of general mortgage bondholders and preferred stockholders is expected to be acted upon later this Winter.

Derby Oil & Refining Corporation. Press report November 17, 1944:

Stockholders of the Derby Oil & Refining Corporation will meet on December 12 to vote on a plan to merge the company into its operating subsidiary, the Derby Oil Company. The capital stock of Derby Oil Company would be reduced from 4,538,000 shares to 500,000 shares, and holders of old common would receive one-twelfth of one share of new stock in exchange for present stock. Holders of Derby Oil & Refining, which owns all the Derby Oil Company common, except 3,330 shares, would exchange on a share for share basis.

Net income of Derby Oil & Refining and its subsidiary for the three months ended September 30, after taxes and charges was $169,004, equal after preferred dividends to 59 cents a share on 263,142 common shares, compared with $135,090 and 44 cents a common share a year earlier. For nine months, net income after taxes and charges was $381,800 and $1.26 a common share, against $336,859 and $1.06 a share a year earlier.

Detroit, Jackson & Chicago Railway. Cons. Mortgage 5% 30-Year Bonds dated Feb. 1, 1907.
The Detroit Trust Co., Detroit, Mich., reported the following to us on May 31, 1945: As of February 1, 1907, Detroit, Jackson & Chicago Railway, a Michigan corporation, executed, acknowledged and delivered to Security Trust Company, a Michigan corporation, a deed of trust securing an issue of its consolidated mortgage bonds in the amount of $4,000,000.00, to be dated Febru-

ary 1, 1907, to be due February 1, 1937, and to bear interest at 5% payable semi-annually. A total of $2,060,000.00 of these bonds was issued and outstanding on the date of the first default in the payment of interest due February 1, 1925, which amount is presently outstanding.

The Detroit, Jackson & Chicago Railway was a part of the Detroit United Railway system. It seems unnecessary to give any details regarding the Detroit United Railway receivership, which was begun early in 1925 and extended over a period of several years. Suffice it to say that Detroit Trust Company, as Trustee (it having succeeded Security Trust Company) duly filed a proof of claim against Detroit United Railway on its guaranty of this issue, but nothing was realized on the claim.

A bondholders' protective committee was formed July 20, 1925 and the Union Trust Company (now Detroit Trust Company), Detroit, was named as Depositary. A study of the facts disclosed that the bondholders under this mortgage had liens as follows:- On the interurban line from Detroit to Ann Arbor and the Ann Arbor Street Railway, a third mortgage; on the interurban lines from Ann Arbor to Jackson and from Ypsilanti to Saline, a second mortgage; on the interurban line from Wayne to Northville, a first mortgage; and a first mortgage on a certain unused right of way and a disputed lien on certain other property of relatively small value. The mortgages prior to the Detroit, Jackson & Chicago mortgage were duly foreclosed and bondholders thereof were paid a percentage of the par value of their bonds.

After careful consideration, it was concluded that there was nothing to be gained by proceedings to foreclose the Detroit, Jackson & Chicago mortgage, inasmuch as practically all the security had been sold under the prior foreclosures. The assets on which the Detroit, Jackson & Chicago mortgage was an undisputed first lien made available with the consent of the Detroit United Railway receiver by court order and the expenses incident to foreclosure would be thus avoided.

Numerous matters required the attention of the Committee and the Trustee in the early period of administration, but as it began to appear that from a practical standpoint the funds ultimately to be available to the bondholders would be very small, the need for activity on the part of the Committee ceased in the main. The following items may be mentioned as indicating the source of the funds hereinafter itemized.

1. As stated above, the mortgage was a first lien on the Wayne-Northville line. At an early stage in the receivership proceedings the operation of this line was discontinued under court order and the rails, poles, etc. were removed, it being understood that the disposition of the salvage proceeds would be later determined. The Eastern Michigan Railway and its receiver (which had purchased the Detroit United Railway properties) claimed that the entire proceeds, about $28,800.00, belonged to it by reason of obligations in excess of this amount owing to the Detroit United Railway from the Detroit, Jackson & Chicago Railway based on deficits in the operation of the line during the Detroit United Railway receivership. Some proceedings were had on the matter in the United States District Court, but it was quite apparent that litigation of the questions involved would be lengthy and costly inasmuch as extensive accounting would be necessary. It further appeared that if the claims of Eastern Michigan Railways were sustained, no moneys would be payable to the Detroit, Jackson & Chicago Trustee. The matter was therefore compromised with the approval of the District Court and $7,202.82 was paid to the Detroit, Jackson & Chicago Trustee.

2. The Plymouth Waiting Room and Freight House site was claimed by both Eastern Michigan Properties Corporation and Detroit Trust Company, Trustee of the Detroit, Jackson & Chicago mortgage. The property was sold with the approval of the District Court for $9000.00 and proceedings taken to determine ownership of the funds. Title to the property was in Eastern Michigan Properties Corporation and there was serious doubt whether it could be successfully attached. With the approval of the District Court, the question was compromised on payment to Detroit Trust Company, Trustee of $2500.00.

3. Part of the Boland right of way (this being the unused right of way on which the Detroit, Jackson & Chicago mortgage was a first lien) was sold for $11,000.00, which moneys were paid to an Ann Arbor bank in partial satisfaction of a claim against the Receiver of the Detroit United Railway. This sum with interest of $953.17 was later repaid to Detroit Trust Company, Trustee.

4. There still remained certain portions of the Boland right of way and two other small parcels. The Boland right of way was made up of numerous narrow strips of land between Ann Arbor and Jackson acquired as a future right of way in anticipation of possible ouster from the public highway. No tracks were ever laid on this right of way and some of the parcels were subject to reverter clause in the event of non-use for electric railway purposes. As stated above, a portion of this right of way was sold for $11,000.00; in July 1939 the interest of the Trustee in the remaining parcels was sold to the State Highway Commission for $10,000.00. Other small parcels were sold for a total of $306.21.

Detroit Trust Company, as Trustees, reports the following receipts and disbursements:

Dinana Gold & Silver Mining Company. Value of Stock dated 1877:
We searched our files and the "Mining Record" dated 1878 and found no record of this company. George Graham Rice, a great swindler, used to sell his stock in his name as Trustee, as a protection. We believe this stock and promotion was a stock selling scheme and the shares are worthless.

Dingwall Oil Producing Corporation. Supplementing the report in our service, Mr. George S. Knapp, a former officer of this corporation, located at 10 Bridge Street, New York City, informed us as follows on December 17, 1945:
"I am sorry to say that my father, George S. Knapp has been dead for some three years. His estate had considerable holdings in Dingwall and I too have some of that wall papering material. I would be just as much interested as you are to know what the liquidating value is if any and where to present the stock for dividends due thereon." Due to the fact that the company lost its charter in 1934 for failure to file reports for the 5 previous years. Mr. Knapp would have realized any dividends if any were paid. In view of the fact that his holdings in the Estate were large and his son had some stock, on which he did not receive anything in liquidation, it is fair to assume that the stockholders received nothing.

A letter addressed to the above law firm on May 8, 1945 has not been answered nor returned. We found no value to the stock.

Director's Building Corporation. Walker and Gillette, Architects, located at 19 East 53rd Street, New York City, informed us on May 25, 1945, that under the amended plan of reorganization dated November 14, 1936, the 6½% Loan Certificates of this corporation were exchanged for stock in Albee Court Corporation, one share for each $100. bond, which took place at the Empire Trust Company, New York City. No provision was made for the stock, which is without value.

Disbrow Motors Corporation. Incorporated in New York on March 1, 1917, and was located at 52 Broadway, New York City. The officers were: Louis A. Disbrow, Jos. J. Curl, and Wm. H. Byers. It was reported that the company moved to Cleveland in 1919. The State Department of Ohio informed us that the Disbrow Motors Company located at Cleveland was incorporated on November 16, 1916 and was dissolved April 30, 1917. The New York corporation of the same name was licensed to do business in Ohio from April 30, 1917 until April 2, 1919. The statutory agent was Louis Disbrow of Cleveland. We found no record of these men, nor could he find out what happened to their motors or parts. We believe that it would be easier to make a part for this motor than trying to locate these officers or any of their inventory.

Dodge Building Corporation. Incorporated in Delaware on June 22, 1925, and filed its last report in 1929, showing the following officers:

President: A. G. Hincker, 4917 W. Rice Street, Chicago, Ill. Vice Pres.: P. E. Golde, 77 W. Washington Street, Chicago, Ill. Treasurer: P. A. Schroeder, 120 S. La Salle Street, Chicago, Ill.

The corporation lost its charter on April 1, 1932. Mr. P. A. Schroeder, formerly Treasurer of the corporation, now President of Cornell-Schroeder & Co., 120 S. La Salle Street, Chicago, Illinois, informed us as follows on November 8, 1944: "In answer to your letter of November 1st, wish to advise that I held the position of Treasurer of the Dodge Building Corporation, which Corporation held title to the Medical Arts Building at 16th and Dodge Streets, Omaha, Nebraska. This corporation was formed sometime in 1924 and there were two million par value bonds outstanding, which matured at various times in the 1930's and the coupon was 7%. The 6½% bonds you referred to, I do not know anything about. This bond issue defaulted and a Committee was formed, which had deposited with it nearly all the outstanding bonds. The non-deposited bonds were given their proceeds from the foreclosure sale and the funds are in the hands of the Clerk of the United States District Court at Omaha, Nebraska. The deposited bonds participated in a reorganization and received one unit of a liquidation trust for each $100. bond outstanding plus approximately $33.00 cash for each $100. bond, which money was received from the new mortgage placed against the property. Since then the units have been paying $1.50 each every December. This reorganization took place in 1935."

Donavin, James F., Shoe Company. Incorporated in Indiana on May 5, 1915, and filed its last report in 1919. The last known officers were: James F. Donavin and Walter J. Rector, both of Indianapolis, Ind., and Robert Edwards, Ridgway, Ill. We found no further record of the company, nor any trace of the officers. The stock, in our opinion, has no value.

Dresser Industries, Inc. Press report December 11, 1944: Acquisition of three new companies, expanding Dresser Industries, Inc., to thirteen members, has been authorized by Dresser directors, President H. N. Mallon announced. The companies to be acquired are the Day & Night Manufacturing Co. of Monrovia, Calif., the Payne Furnace Supply Co., Inc., of Beverly Hills, Calif., and Kobe, Inc., of Huntington Park, Calif. The acquisition will be accomplished by an exchange of stock and will be effected about February 1, 1945, if approved by stockholders of the three companies. Dresser stockholders recently authorized an increase in capital stock to 600,000 shares, a portion of which is unissued and will be used to consummate the agreement. "Products of each of the companies will complement those of the present Dresser units," Mr. Mallon said. "Day & Night manufactures a line of gas-fired hot water heaters and Payne produces steel furnaces and floor furnaces for the consumer durable goods field. These will supplement products of the Bryant Heater Co., enabling distributors to offer services over a broader market. "Kobe, Inc., is a producer of hydraulic deepwell oil pump systems, which will add similar diversification to equipment manufactured by Pacific Pumps, Inc., and International Derrick & Equipment Co."

872 Madison Avenue Corporation. 1943 Issue.

834 Fifth Avenue Corporation. Incorporated in New York. Mr. Harold L. Herrick, former Secretary of the company, informed us as follows on August 30, 1945:

"We represented this corporation when it was originally formed as a cooperative apartment corporation. We have not represented the corporation or been in touch with its affairs for over five years and do not know the present condition of the corporation. It is our impression that the holder of the mortgage foreclosed, in which case we should imagine the stock would have no value."

The letter was written on the letter head of Lewis & Herrick, 21 East 40th Street, New York City.

834 Fifth Avenue Maintenance Company. Incorporated in New York State. Alexander & Green, attorneys located at 120 Broadway, New York City, informed us on April 14, 1945 as follows:

"In reply to your letter of April 12th, addressed to Mr. Donald M. Dunn, former Secretary of the company, we wish to advise you that 834 Fifth Avenue Maintenance Corporation was dissolved by the unanimous consent of the stockholders on December 30, 1933." The shares are without value.

El Dorado Royalty & Investment Company.

Mr. George M. Church, President, located at Trinity Bldg., Fort Worth, Texas, informed us as follows on March 8, 1945:

"In reply to your letter of March 5th, The El Dorado Royalty & Investment Company owns one-half of the royalty, this is 1/16th of the gross oil if any is ever produced on 100 sections of land scattered through Edwards, Sutton, Val Verde and Real Counties, Texas, in the so-called Edwards Plateau. Inasmuch as there have been approximately forty wells drilled in this area and all of them have been dry the stock of the company does not have any substantial market value at the present time. Periodically wells are drilled in this area and if any one of them should ever produce oil the assets of the company would immediately become valuable. At the present time the Shell Petroleum Company is drilling a well in Edwards County near some of our land, but so far the formations encountered in this particular well look discouraging. Under the circumstances the prospects do not look good. If there is any change for the better I will immediately let you know."

I would suggest that you place your name on file with Mr. Church in order to get future reports on the company.

Elizabeth Brewing Corporation. Incorporated in New Jersey on October 6, 1932 and was dissolved by a decree of the Court of Chancery on September 2, 1936. The Vice President of the company was Raymond J. Otis of West New York, N. J. The Court of Chancery, Trenton, N. J., informed us as follows on Sept. 27, 1945:
"In reply to your letter of Sept. 21st, the receivers filed their final report on June 17, 1936, which showed the balance remaining in their hands of $31,698.56. An order was made on July 20, 1936, which approved the receiver's report and dissolved the defendant corporation, and made allowances to the receivers, solicitors, appraisers, and accountants in the total sum of $26,600. It further directed the receivers to pay the balance remaining in their hands to the Internal Revenue Collector for the District of New Jersey, less the sum of $1,969.35, to be paid to the Water Commission of Elizabeth. There remained no sums for distribution to stockholders."

Elmira Drug and Chemical Company. Incorporated in New York on February 7, 1905, and is located at 157 Baldwin Street, Elmira, N. Y. The company is engaged in the surgical supply business. Mr. Ray Simmons, for the company, informed us as follows on March 22, 1945: "Your letter of March 2nd addressed to Mr. Charles B. Mapes of Elmira has been referred to me for attention. Mr. Mapes is deceased and I have recently taken over the controlling interest and active management of the company. The company is not in a strong financial condition. During recent years a surplus deficit has accumulated and that must of course be cleared up before dividends can be paid. With income taxes as they are there is not too great an inducement to accumulate earnings to reduce the deficit. You do not mention who your client is so I am not sure how many shares may be involved. If they are interested in selling what they own I would be willing to pay $2.00 per share which is all the shares would be worth to me."

Emerson Land Company, First Mortgage 6% Bonds Dated Oct. 1, 1928, or C/D. The Detroit Trust Co., Detroit, Michigan, informed us as follows on Feb. 26, 1945:

Sufficient funds have been accumulated by the Trustee to pay a dividend of 8% on $180,000 bonds presently outstanding, which is at the rate of $80 per $1,000 bond. A similar dividend at the rate of $50 per $1,000 bond was made available to bondholders March 13, 1944.

In order to receive this liquidating payment bonds should be forwarded promptly to: Detroit Trust Company, Reorganization Department, 201 West Fort Street, Detroit 31, Michigan.

The bonds will be endorsed and returned with the payment. Holders of Certificates of Deposit will please endorse the Certificate exactly as issued, have the signature guaranteed by a bank or trust company and send it in. The certificate will be cancelled, the bond will be endorsed and sent to the owner with the payment.

Because the income tax status of the trust has not been determined, it is necessary that $3,000 of income be held in reserve to cover possible claims for income tax. Considerable liquidation of the trust property was made in 1944 and 47.83% of the distribution now available to bondholders (or $38.26 per $1,000 bond) represents proceeds of sales within that year and the balance thereof out of proceeds of sales in prior years. With respect to the Fiduciary Income Tax Return being filed by the Trustee for the year 1944 for the trust, the portion of the distribution allocable to the year 1944 is being treated by the Trustee as though the distribution had actually been made as of December 31, 1944. This action is based upon Section 162 (d) of the Internal Revenue Code.

The Trustee is advised by counsel that from a bondholder's viewpoint the treatment of the distribution depends upon a bondholder's own cost basis, the amount now available to him to be applied against his own cost for the bonds he holds. Of course, the Government may take the stand that the bondholder's cost is his allocable share of the land contract price paid by the State of Michigan in recovery of the property at the Scavenger Sale, but the Trustee does not adopt that view believing instead that a bondholder's cost is his original cost.

As soon as the income tax questions of the trust have been determined (and that may not be until approximately three (3) years from the date), any unused portions of the income tax reserve will be released for distribution along with the proceeds of any additional liquidations of trust property then available.

Emerson Land Company. First Mortgage 6% Bonds Dated Oct. 1, 1928 or C/D. The Detroit Trust Co., Detroit, Mich., informed us as follows on October 30, 1945:

On March 13, 1944 a 5% liquidating dividend was made available to bondholders and on February 26, 1945 an additional 8% liquidating dividend was made available. All remaining trust assets have been reduced to cash and a further liquidating dividend can now be made.

Cash on hand after payment of fees and expenses amounts to $23,400. However, because the income tax status of the trust has not been determined, it is necessary that a total of $4,500 be held in reserve to cover possible claims for income tax for the years 1941 through 1945. There is, therefore, $18,900 available at this time as a liquidating dividend for distribution to the holders of $180,000 par value of bonds and Certificates of Deposit presently outstanding at the rate of 10.5% ($105, per $1,000 bond). In order to receive this payment bonds of Certificates of Deposit should be forwarded promptly to Detroit Trust Company, Reorganization Department, 201 West Fort Street, Detroit 31, Michigan.

Press report:

Justice Benjamin F. Schreiber of the Supreme Court, New York County, handed down recently a decision in which he upheld the sharp distinction between distributions from surplus funds of a corporation while it is a going concern, and a distribution of assets after the corporate business has been terminated.

The decision results in the Empire Power Corporation obtaining an award of $4,261,684 against the Eastern Seaboard Securities Corporation, holder of 80 per cent of the participating stock and sole owner of the common stock.

Empire Power was liquidated on Feb. 4, 1945, and soon thereafter public holders of the corporation's participating stock brought suit against it, contending that the charter was not followed and that Eastern Seaboard Securities as sole owner of Empire Power's common stock, had been overpaid in the amount of the award. The case was presented to the court for trial in June, 1945.

In his opinion, Justice Schreiber stated that the intent of Empire Power's charter is "class equality of dividends and a like equality on distribution." He held that it was not permissible to "counterbalance a deliberate failure seasonably to declare a dividend before dissolution in direct violation of the controlling charter provision."

Milton Pollack of the law firm of Unger & Pollack, represented the plaintiff and former New York Supreme Court Justice Stephen Callaghan of Lazansky, Callaghan, Stout & Nova, represented the defendants.

In legal circles, other than counsel involved in the suit, the opinion was expressed yesterday that the case is "novel" in that the court has handed down a decision which may have "significant bearing on similar cases which will come before the courts." One lawyer remarked that "it would appear that any distribution by way of dividends before liquidation might have been taxable, whereas the distribution on dissolution, in view of the ownership of stock by the principal stockholder, Eastern Seaboard Securities, may not be taxable."

In lieu of returning the entire fund to Empire Power, Eastern Seaboard Securities as a participating stockholder, has been permitted by the judgment to offset its 80 per cent share of the award.

St. Paul. – As an appeal from recently noted order confirming the Chapter X reorganization plan of Emporium of St. Paul, Inc., department store, here, has been filed.

A minority stockholder, Theodore V. Holtun, filed the appeal alleging that insufficient recognition of the equity of minority preferred stockholders in the enterprise was contained in the plan, it was stated by Otis H. Godfrey, attorney for Mr. Holtun.

Under the plan, as noted, $5 a share was to be given to minority stockholders in 10-year, 4 per cent bonds. Mr. Holtun has 1,000 shares of common and preferred stock. Controlling interest is held by United Properties, as noted.

Under court terms, 40 days is allowed for filing of transfer and record in the appeal.

Equitable Office Building Corporation. Press report: Oct. 6, 1945:

Amendments to the proposed plan for reorganization of the Equitable Office Building Corporation which would permit stockholders to participate in the reorganized company to the extent of 15.4 per cent, or 89,209.8 shares, of the new capital stock, were submitted in Federal Court yesterday by attorneys for bondholders and stockholder groups. The corporation operates the office building at 120 Broadway.

Judge John C. Knox referred the amendments to the Securities and Exchange Commission for an advisory report and scheduled a hearing for Nov. 16.

Under the original plan stockholders were excluded from participation in the reorganized company. The amended plan also would give income bonds to debenture holders, the income bonds having common stock conversion rights at the rate of 160 shares for each $1,000 principal amount for two years and at the rate of 100 shares for each $1,000 principal amount for the next three years.

Equitable Underwriters of New York. The American Equitable Assurance Company of New York, 92 Williams Street, New York City, informed us as follows on May 1, 1945:

"Referring to your letter of March 21st with reference to Certificate of Contribution in to the Treasury of Equitable Underwriters of New York found among the assets of the Estate of John B. O'Reilly, this certificate has no value. In March, 1920, the Equitable Underwriters of New York was converted into a stock fire insurance company under the name of New York Equitable Assurance Company. The holders of the Certificates of Contribution into the Treasury of Equitable Underwriters of New York became entitled for their interest in that association to stock of New York Equitable Assurance Company. However, the New York Equitable Assurance Company never issued any stock as it merged immediately after its formation into Knickerbocker Insurance Company of New York and the underwriters who held an interest in Equitable Underwriters received stock of Knickerbocker Insurance Company of New York. Pursuant to this plan, Mr. O'Reilly received 144 shares of stock of Knickerbocker Insurance Company of New York in 1920 which he held until July 20, 1922, at which time he sold the said 144 shares. The Knickerbocker Insurance Company of New York merged with the American Equitable Assurance Company of New York on December 30, 1944."

Esenbe Building and Loan Association of Hoboken. Press report April, 1946:
Shareholders of the defunct Esenbe Building and Loan Assn. of Hoboken have received notices that they will finally get another dividend on their investments made on a monthly basis as far back as 25 years ago.
Esenbe has been in liquidation since 1936, when it was taken over by the State Department of Banking and Insurance. The liquidation has been going on under 4 different state commissioners. During all those years only 2 dividends have been

paid, the first for 5 percent and the second for 6 percent, the latter in 1942. The new dividend will make a total of 21 percent. Back in 1941, while Lewis B. Reilly was still head of Department of Banking and Insurance, he assured a shareholders' meeting that at least 35 percent more would still be realized from the assets. At that time only 5 percent had been paid. It is expected the fourth dividend will be the final. Just how much that will be is not known. It is said that the pickup of the realty market has given new hope to the long-waiting shareholders that they may ultimately realize the total recovery of 40 percent of their investment, the minimum that was anticipated by Commissioner Reilly back in 1941.

According to the present commissioner, Lawrence B. Carey, shareholders may mail their liquidation certificates to Department of Banking and Insurance, 1060 Broad st., Newark 2, N. J., and beginning May 6 checks will be sent out for the new 10 percent dividend together with the returned certificates.

Estate Stove Company, Hamilton, Ohio. Press report 2/28/45: The century-old Estate Stove Company of Hamilton, O., maker of gas and electric cooking ranges, stoves and space heaters has been bought by the Noma Electric Corporation. The purchase is the entrance into the hard consumer goods field of Noma, novelty light and toy manufacturer, Henri Sadacca, president said yesterday. The transaction involved payment of $2,000,000 and exchange of 35,000 shares of Noma common stock for all Estate common and preferred, David Kahn will continue as president of Estate, and he and three other descendants of the founders will maintain a proprietary interest. Estate's sales will nearly double in 1946 to a total of $12,000,000 with application of Noma's merchandising techniques, Mr. Sadacca predicted. The company also will produce the Noma modern air convection electric heater. Expansion of plant facilities, which now cover more than 500,000 square feet, is under way.

Press report 4/22/45: Gloria Carruthers, 45, actress-astrologist known professionally as "Princess Zulieka," has been returned to New York from Washington to answer an indictment charging violations of SEC regulations and mail fraud. She will enter a plea. Miss Carruthers, arrested in Washington, is co-defendant with Jack Kearns, manager of Jack Dempsey when he was world's heavyweight boxing champion, and Harry (Packy) Lennon, former pugilist. They are charged with defrauding investors of approximately $150,000 in securities of the Federal FYR-Ex Co., Inc., a Delaware corporation, and with making false representations that the U. S. Navy and British Government were purchasers of equipment manufactured by the firm.

Federal Syndicate Copper Company. Incorporated in South Dakota on October 12, 1916 for a period of 20 years. Its term of existence expired in 1941, as no application for extension was filed. The company was located at Calumet, Michigan. We found no record of the company in our mining records in 1922 or thereafter. It is our opinion that the company ceased business before that time and that its stock is worthless.

Federated Engineers Development Corporation. Incorporated in Delaware on December 11, 1919 and filed its last report in 1930, and lost its charter on April 1, 1932. The last known officers were: J. J. Bradley, C. A. Becker and C. M. Perez. The United States Investor reported that the company was "Gone" in 1929. Sales of the company's preferred stock at auction in 1928 indicates that the shares were worthless. In view of the above we believe the shares are worthless.

First National Bank & Trust Co., Yonkers, N. Y. This bank was declared insolvent and placed in the hands of a receiver on January 23, 1934. A final report was submitted and the receivership closed on April 28, 1944, after the payment of three dividends aggregating 58.6% to all creditors who proved their claims. An assessment of 100% or $1,000,000 was levied against the shareholders of this bank on May 11, 1934, payable June 18, 1934. The shares, therefore, have no value, as the creditors were not paid in full.

First National Company of Leesburg. Fla. 1940.

First National Copper Company. Incorporated in Nevada and had an office at 111 Broadway, New York City. The company held 98% of the stock of Balakala Consolidated Copper Company and the Balakala Copper Company. The company's stock is $5 par value, and $3.75 paid in, and assessable. In 1919 the company authorized a $1,000,000 bond issue which was a failure, but pledged some of these bonds for a loan of $375,000, which loan presumably was paid by the proceeds of the last assessment. The company lost its charter in 1924, and it is out of existence. Although the shares are worthless, when assessments are not paid the shares are forfeited.

First Peoples Trust.
Value of First & Second Preferred and Common Stock.
Mr. William Harold Hitchcock, an attorney, located at 73 Tremont Street, Boston, Mass., informed us as follows on February 20, 1945: "I have your letter of February 16th inquiring with reference to First Peoples Trust. This stock is of no value. This trust lost most of its properties as a result of mortgage foreclosures at the time of the recent depression. Its only property

now is the Park Building in Worcester, Mass. The income from this building is not sufficient to pay taxes and mortgage charges. It is accordingly operating it for the benefit of two banks holding the mortgages. There is no probability that there will be any value in the future."

Fleischaker & Baum, Inc. Press report: In a cash transaction involving more than $1,000,000, Fleischaker & Baum, Inc., manufacturers of dolls were acquired yesterday by the Noma Electric Corporation. Reported to be the largest ever effected in the doll industry, the deal involves all assets, trademarks, patents and properties of the doll companies.

Henri Sadacca, president of Noma, who announced the transaction, said that management and policies of the purchased companies will remain unchanged, but that Effenbee facilities and line will be considerably expanded to make the company ultimately the world's largest producer of dolls.

This is the third major expansion step taken by Noma in the past two months. In January it purchased the Refrigeration Corporation of America, maker of "Frigid Freeze," home and farm freezer, frozen food lockers and air-conditioning units. In December it acquired the Estate Stove Company, Hamilton, Ohio, manufacturer of gas and electric ranges and Heatrola space heaters.

Fleming Hall Company. Press report 12/5/45: Merger of the Fleming Hall Company and Cambridge Tobacco Company, into a corporation to be known as Fleming Hall Tobacco Company, Inc., effected entirely by an exchange of stock, was announced yesterday. Holders of common stock of Cambridge will receive two and one-half shares of common in Fleming Hall for each share held, and common stockholders of Fleming Hall will receive one-half share of common for each share owned. Stockholders have voted approval of the merger.

A registration statement covering 150,000 shares of preferred and 150,000 shares of common has been filed with the Securities and Exchange Commission. The stock will be offered by a syndicate headed by Floyd D. Cerf Company, in units of one share of preferred and one share of common at $15 a unit. The financing, which is entirely for the company, will aggregate $2,250,000.

Press report 1/15/45.
Washington, Jan. 15.—The Interstate Commerce Commission today announced extensive modification of an earlier plan for the reorganization of the Florida East Coast Railway. Some of the changes were along lines suggested last November in a petition by the Atlantic Coast Line Railroad Company seeking reopening of the reorganization.
Among the major modifications were:
1. The outstanding first mortgage bonds are to be paid in full.
2. Capitalization is to be $41,166,000, which is $4,166,000 more than the total approved in the earlier plan.
3. Cash may be distributed at the discretion of the court to first and refunding mortgage bondholders after creation of a reserve of not less than $8,700,000 for improvements, additions and betterments.
In its November petition the Atlantic Coast Line had proposed payment of $12,000,000 existing first mortgage bonds, a capitalization comprising $16,000,000 of first mortgage bonds, $15,000,000 preferred stock and $6,000,000 common, and the distribution of $6,000,000 with preferred and common stocks to the junior bondholders, the Atlantic Coast Line to buy 60 per cent of the new common from the bondholders for $3,600,000. A voting trust will be created for the new common stock for five years after completion for five years after completion of the plan, now set for January 1, 1946, two of the three trustees to be designated by the St. Joe Paper Company, owner of a majority of existing junior bonds.
The commission has confirmed previous findings that claims of old stockholders and of unsecured creditors are without value.

42nd Street and 6th Avenue Corporation (Hart Building). Value of C/D for First Mortgage 6½% Leasehold Bonds: Depositors were informed under date of June 24, 1931 that the sub-lease which constituted the security for the bonds of this issue was forfeited because of non-payment of ground rent and taxes by the mortgagor company. The Committee made strenuous efforts to obtain a loan on the security of the sub-lease which would enable it to pay the amounts owing for ground rent and taxes, in order that it might reinstate the sub-lease. However, in view of the fact that the gross income from the property had declined considerably, it was impossible to borrow any money on the security of the sub-lease. The sub-lease was forfeited by the landlord and upon such forfeiture, the security of the bonds was wiped out. The Committee instituted suit upon the guarantees against the mortgagor company who had guaranteed the bonds. However, nothing was realized from such suit inasmuch as no property of the guarantors, out of which judgments could be satisfied, could be found. The C/D's are worthless.

Forward Process Company. Incorporated in Delaware on December 31, 1932, and is still in existence. The 1944 report shows Mr. D. G. Brandt, President, at 60 Wall Street, New York City.

Forward Process Company. Supplementing our previous report, M. H. R. Cory, Secretary of the company, located at 226 Highway 29, Hillside, N. J., informed us as follows on August 30, 1945:

"Your letter to Mr. D. G. Brandt, relative to the status of this company, has been referred to me for reply. Your client undoubtedly received a copy of the 1944 annual report which disclosed a deficit of $274,006.02. The company has had no income since 1940. As to the value of this stock for which no market has been maintained, I can tell you that the writer knows of several sales during the last two years in the range of 40c to 50c a share."

French Finance Corporation. Incorporated in New York on December 9, 1904 and was dissolved on March 13, 1926 for failure to file reports for 5 years. The company apparently went out of business in 1921. However, we found no record of the company since 1914. Mr. C. K. Beekman was a director of the company. Beekman & Bogue, attorneys, located at 15 Broad Street, New York City, informed us as follows on June 1, 1945: "In reply to your letter of May 31st, it is a great many years since my firm or Mr. Beekman had anything to do with the French Finance Corporation. I believe it went out of business some time ago. Our records do not indicate anything about it, except that, at the time of Mr. Beekman's death, he owned certain shares of the preferred stock of the French Finance Corporation, which were listed in his accounting as worthless, and I believe that the Transfer Tax Appraiser found these securities to be worthless."

Galt Mines, Inc. Incorporated in Montana and is located at Great Falls, Montana, and its President, Warren M. Ford, is located at Armington, Montana. The company owns the Galt Mine at Neihart, Montana. Mr. Valberga C. Ladd, Secretary and Treasurer of the company, located at Neihart, Montana, informed us as follows on June 19, 1945:

"In answer to your recent letter I would state that the Galt Mine has been inactive for many years, consequently all of the interior workings are badly caved – since the price of lead and silver has been unattractive. We have had several operators attempt to open up the property, but it has proven too highly speculative and costly for them to consider it wise to continue". We found no market for the stock at any price.

Gehrke, Walter, Company. 6% Land Contract Coll. Trust Notes Series "A" Dated January 15, 1930:

The Detroit Trust Co., Detroit, Michigan, informed us as follows on December 1, 1944:

You were informed in our letter dated August 5, 1943 that we were then ready to pay 7½% principal liquidating dividend to Noteholders.

Subsequent to the date of the aforementioned letter, sufficient funds have accumulated from earnings and payment on land contracts, to warrant the immediate distribution of 12% as a further principal liquidating dividend after which there will remain an unpaid principal balance of $555.00 owing on each $1,000.00 Note.

To secure your dividend, please present your Note(s) personally or by registered mail to the Detroit Trust Company, Fort and Shelby Streets, Detroit 31, Michigan, windows No. 2 or No. 3 on the first floor, whereupon your Note(s) will be endorsed with said payment and returned to you accompanied by a check in the amount of $120.00 for each $1,000.00 Note presented. After payment of the above mentioned liquidating dividend the only remaining assets of the trust are $288.04 cash in the

sinking fund and one land contract with a net balance due in the amount of $2,609.79, covering the property at 40 Wellesly Drive, Pleasant Ridge, Michigan.

Gehrke, Walter, Company. 6% Land Contract Coll. Trust Notes Series "A" Dated 1/15/1930:

The Detroit Trust Co., Detroit, Michigan, informed us as follows on March 13, 1945: You were informed in our letter dated December 1, 1944 that the Land Contract covering the property at 40 Wellesly Drive, Pleasant Ridge, Michigan, was the only remaining asset of this trust.

We have sold the Land Contract and are now in position to make a final payment on the notes in the amount of $106.80 on each $1000 note outstanding.

To secure your dividend please present your note(s) personally or by registered mail to Detroit Trust Company, Fort and Shelby Streets, Detroit 31, Michigan, windows No. 2 or No. 3 first floor, whereupon this final dividend will be endorsed on your note(s), and a check will be given you for your payment.

Geometric Tool Company of New Haven. Press report 12/4/44: Greenfield Tap and Die Corporation has practically completed the purchase of the Geometric Tool Company of New Haven through purchase of almost 10 per cent of the outstanding common stock. The price was $60 a share. By the purchase Greenfield T&D line is broadened. James W. Hook, president and treasurer resigned and Harry W. Bill, vice-president and general manager and John B. Roys, comptroller, were elected to fill the two positions. D. G. Millar of Greenfield was elected chairman of the board and Messrs. Bill and Roys were added to the Geometric directorate. Mr. Hook retains relations with Geometric in an advisory capacity.

German Holland Banking Corporation. Value of 20£ Par Certificate Issued at Kohn a Rh. The Netherlands Embassy, Office of The Financial Attache, located at 25 Broadway, New York City, informed us the above certificate was printed and apparently issued in Cologne, Germany, and its business would appear to be partly German and Dutch. All properties within the field of German operations, where securities of which have been issued abroad, are apparently without value at this time. What value they have in the future is problematical.

shares of old company stock for one share of King stock. The King Mining Co. acquired the Gertie and Marsh Holdings in 1943 and has conducted legal proceedings which officially dissolves the two old companies.

The King Mining Co. now owns what is possibly the longest continuous group of mining claims in the Coeur d'Alene district, extending without a break from near Burke to the Snowstorm mine northeast of Mullan.

Gilley, Fred S., & Co., Inc. Incorporated in New York on October 24, 1938 and was engaged in the sportswear business at 51 Madison Avenue, New York, N. Y. A Certificate of Dissolution was filed on October 13, 1939. Apparently the company could not make the grade as its duration was one year. We found no value to the stock, which we believe to be worthless.

Gilmore Coal Company (Ohio). Press report Sept. 25, 1945: Cincinnati, Sept. 25 (AP).—A merger of five Ohio valley concerns with total capitalization of $1,280,000, was under way today with the granting of articles of incorporation by the Ohio secretary of state, but principals withheld details of the proposed deal. Articles were granted two weeks ago for a sixth firm listing the same incorporators — the Gilmore Coal Co., capitalized at $150,000. The five companies and state capitals were: the Cyrus Pocahontas Coal Co., $140,000; the Orlandi Coal Co., $225,000; Kanawha Collieries, Inc., $350,000; the Cyrus Coal Co., $425,000; and Cyrus Collieries Inc., $140,000. At the time that papers for the Gilmore Coal Co. were issued, principals said the step was a prelude to the consolidation of several coal firms. Locations were not disclosed.

Press report May 11, 1944:

Reno, Nev.–Capt. W. M. Awbrey of Reno and associates are reported to have purchased the holdings of the Gold Bond Mining Co. on Mt. Peavine, seven miles northwest of Reno in Washoe county. The claims partially surrounded the Golden Fleece mine which the Awbrey interests are operating.

The tunnel has been cleaned out for 600 feet to an old crosscut and repairs are being made to the 120 foot inclined shaft on the line between the Gold Bond and Golden Fleece mines.

Lessees shipped seven carloads of Gold Bond ore to the smelter in 1941 when it was reopened after some years of idleness. The ore contains gold, silver, copper, lead and zinc but was operated formerly only for gold and silver. George Frasher of Reno, manager for Awbrey at the Golden Fleece mine, also has charge of the Gold Bond operation.

Gold Mines Consolidated, Inc., 317 Colorado Bldg., Denver, Colo. The company informed us as follows on November 1, 1945: In reply to your recent inquiry, we wish to advise that at the present time Gold Mines Consolidated, Inc. is in the process of merging with other mining companies. This action is being taken upon the approval of a majority of the stockholders in the hope that more efficient operations and more economical operations will result.

After several years shut-down in the mines due to war conditions, we are now beginning operations on some of the properties owned.

The stock has recently been bid at around 5c per share, and due to the highly speculative nature of the business, we have never encouraged open market of this stock.

Gold Mining & Exploration Inc. Incorporated in New York on March 29, 1933. Mr. L. T. Fetzer, an attorney located at 15 William Street, New York City, informed us as follows on February 5, 1945: ". . . this company was incorporated by me in March, 1933 as attorney. I was a small stockholder, director and Secretary, but ceased my connection within about a year. Purposes were the mining of gold, etc., in Colombia, S. A. The company began operating, and, I was informed, in rather rich territory, but Colombia prohibited and still prohibits gold shipments out of the country. The last address I have is 22 East 40th Street, New York. I have certain connections through whom I might get information and I would be glad to cooperate further."

Mr. Fetzer, did state to us over the telephone that he might be able to place any stock for you. We are sure that if your client wrote to the Bureau of Mines down in Colombia they could tell you how much gold has been mined by this company.

Goldfield Combination Fraction Mining Co. Incorporated in South Dakota, and received our last report from Mr. J. J. McConnack, P. O. Box 2320, Reno, Nevada on May 5, 1938, in which he stated that the company lost its charter many years ago by limitation. The company's only asset is its mining claim in the Goldfield Mining District, Esmeralda County, Nevada, and being without funds no efforts have been made to reorganize the company. The claim has been leased several times but no ore of commercial value has been found. In the event that the company is reorganized the old stockholders will be asked to advance more funds or lose their stock. Under the circumstances we believe the shares are worthless.

Goodwin System, Inc. Incorporated in New York on September 24, 1937 and was dissolved by Proclamation on December 15, 1942. The officers were: Wm. S. Goodwin, Franz Neilson and Enid A. Shevlin, and formerly had offices at 480 Lexington Avenue, New York City. We have been informed as follows: "Goodwin died 10/30/41. The whole enterprise had been tottering and on his death definitely collapsed. Nothing there (from which to collect) either in Goodwin System, Inc. or his personal estate." We understand that counsel fees were never paid and Mrs. Goodwin also lost her money in this venture. The shares are reported as worthless.

Grape-Ola Corporation. Value of interim certificates for 219 shares of preferred and 222 shares of common stock:

Incorporated in Delaware on October 12, 1916 and lost its charter on March 19, 1919. Mr. William W. Crump, former secretary of the Grape Ola Corporation of America, a Virginia corporation, located at Mutual Bldg., Richmond, Virginia, informed me on March 26, 1945, that this company was abandoned years ago and that the stock has no value. Therefore, I submit the shares as worthless as of December 28, 1944, the date of the decedent's death.

Grape Ola Corporation of America. Value of 20 shares of founders stock:

Value of interim certificate for 15 shares of class "A" preferred stock:

Value of 15 shares of common stock:

Incorporated in Virginia on September 15, 1920 as the Grape Ola Products Corporation. Mr. Carl S. Schindler, New York City, was listed as President, and William W. Crump of Richmond, Virginia, as Secretary. The charter of the corporation was amended on October 7, 1921, changing its name to Grape Ola Corporation of America, under which name the charter was revoked and annulled on May 31, 1924. The amendment was executed by W. H. Johnston, President, and Russell S. Smart, Secretary, but their addresses were not of record. Mr. William W. Crump of Richmond, Virginia, informed me on March 26, 1945, that this corporation was abandoned years ago and that the shares are worthless. Therefore, I submit the shares as worthless as of December 28, 1945, the date of the decedent's death.

Grape Ola Products Corporation. Value of dividend participating interim certificate exchangeable for 100 shares of common stock:

Value of Syndicate participating certificates for 200 shares of Syndicate stock:

Incorporated in Delaware on March 18, 1918, and lost its charter on March 19, 1924. Mr. William W. Crump of Richmond, Virginia, who was Secretary of a Virginia corporation of the same name, informed me on March 26, 1945, that this company was abandoned years ago and that the shares

This company was incorporated in New York and placed in liquidation by the Superintendent of Insurance in accordance with a Supreme Court order, New York County, dated November 27, 1935. The present indications are that the assets of this company will not liquidate to an amount sufficient to pay the allowed claims in full together with interest, before any consideration can be given to the claims of the stockholders. In the case of other title and mortgage companies in liquidation the Commissioner of Internal Revenue has held that the stock became worthless in the year that the company was placed in liquidation.

Greenfield Pickle Works Corporation, Ellington, Conn.

Press report April 4, 1495.

Samuel Greenfield, president and treasurer of the Greenfield Pickle Works Corporation of Ellington, and all his New York creditors found themselves in one big pickle recently when it became evident that the business had gone sour and was more than $30,000 in the red.

At a first meeting of creditors, held before U. S. Referee in Bankruptcy Saul Berman in Hartford Tuesday, to make matters worse, questions were raised as to the legality of bringing the bankruptcy petition in this jurisdiction and legality of the form in which the petition was drawn up.

Foreclosure Due

On top of that, Attorney Edward Seltzer, of Hartford, representing Irving Lamdan, of New York City, holder of a $5000 chattel mortgage on the pickling apparatus in the Ellington plant, announced that his client intended to start foreclosure proceedings. Mr. Selzer had earlier moved to vacate adjudication in bankruptcy on the grounds that the bankrupt concern is a New York corporation since it failed to file a certificate with the Secretary of the State as a Connecticut corporation and because it has not within six months prior to the adjudication done business in the state.

Judge Berman denied the motion, pointing out that the corporation did business with Connecticut farmers nine months of the year and that the company's books were kept in Ellington.

Sell Low, Buy High

Mr. Greenfield, under examination by creditors, testified that he bought cucumbers in huge quantities from farmers in the area, pickled them and sold them to packers. The business failure is said to have resulted from the fact that the pickled cucumbers were sold early in the season at prices lower than they could be purchased from the farmers at the end of the harvesting season.

Examination of Mr. Greenfield, who suffered a shock in February and has been confined to bed for more than a month was adjourned early Tuesday afternoon and continued to April 24.

Attorney Bernard J. Ackerman, of Rockville, representing the Greenfield Pickle Works, in answer to questions raised as to the location of the corporation, explained that the pickle business is seasonal and that Mr. Greenfield lives in Brooklyn three months of the year when the plant is not in operation.

Mr. Ackerman brought up a question as to the validity of the chattel mortgage held by

Name State Date Charter Forfeited Vol.

Mr. Lamdan, pointing out that under the Connecticut law, a chattel mortgage is only good against machinery and equipment in a manufacturing establishment, and questioned whether a pickle works can be classified as such.

Since Judge Berman granted Mr. Seltzer's application for permission to foreclose the chattel mortgage, this question will be decided in the state court.

Joseph Lavitt of Rockville was appointed trustee and Miss Fannie Himmelstein, of Hartford was appointed attorney to the trustee.

Griess-Pfleger Tanning Company, Press report:

(Reorganized in proceedings in the United States District Court in Cincinnati, Ohio, in 1939.)

Notice is hereby given that December 31, 1944 is the expiration date fixed by the United States District Court for exchange of securities of The Griess-Pfleger Tanning Company for securities of the new company directed to be organized in such reorganization proceedings and known as The Griess-Pfleger Tanning Co. First mortgage bonds, preferred stock and common stock of The Griess-Pfleger Tanning Company must be surrendered prior to December 31, 1944, in order to receive securities provided for in the plan of reorganization of such Company as approved by the United States District Court. Scrip certificates of The Griess-Pfleger Tanning Co. will likewise become valueless on December 31, 1944.

For information and instructions in regard to making exchange, communicate with:

FRED W. GRAFF, Jr., Secretary.

Guanajuato Consolidated Mining & Milling Company. Incorporated in West Virginia, and had an office at 50 Broad Street, New York City. Mr. Charles Paul Brown, an attorney, located at 17 State Street, New York City, informed us that he believes the stocks and bonds of this company to be worthless. The interest arrears on the bonds is considerable at this time. Any new developments in this company after the war would require new financing, that would eliminate the stock of the company. We do not believe the shares have any value.

Guarantee Trust and Banking Company. Our records indicate that the above bank operated at Atlanta, Georgia and went into receivership in July, 1913. The Fulton Superior Court at Atlanta, Georgia, had jurisdiction in this case. We are unable to get a confirmation at this court if the 3% distribution made on December 28, 1920, was the final payment in liquidation. It would appear, however, that due to the fact that the bank was placed in receivership in 1913 and did not make the distribution until 1920, it probably was the first and final payment in liquidation.

Hacienda Del Corte, Incorporated. Incorporated in Wisconsin in 1908 and lost its charter on January 1, 1930. The last report filed in 1928 listed Oscar Kasten, director, in care of the First Wisconsin National Bank, Milwaukee, Wis. This bank informed us on June 23, 1945, that this company is no longer in business. It was organized for the express purpose of engaging in the general agricultural and trading business. The bank also stated that that company has not been in operation for upwards of thirty years and the company's stock has no value.

Hannah Pickett Cotton Mill No. 1 Rockingham, N. C. Press report: 9/24/44: Charlotte, N. C., Sept. 24—It was announced today in Charlotte that the Hannah Pickett cotton mill No. 1, at Rockingham, was sold on Friday to a New York concern. The deal involved around $3,000,000 the paper said, adding that stockholders were guaranteed $2,400 a share for their holdings, which had a $100 par value. The mill is one of the largest in the South, 77,000 spindles and 2,205 looms. It was organized by W. B. Cole, whose family has been the largest stockholder.

Harney Road Corporation. Incorporated in New York on April 19, 1926, and was located at Scarsdale, N. Y. The corporation lost its charter on December 15, 1936. Mr. John A. Beeler, former President of the company, located at 155 East 44th Street, New York City, is now deceased, and an answer was received from Mr. S. W. Long, of 32 Farley Rd., Scarsdale, N. Y., who was an assistant to Mr. Beeler, as follows: "The Harney Road Corporation was a real estate holding company which acquired title to one tract of land only. The company was unable to meet its obligations and the property was foreclosed by the mortgagee sometime around 1931 or 1932. The company was then entirely without assets and was abandoned at that time. To the best of my knowledge the stock is worthless."

Hartford-Aetna Realty Corporation. Assets of this corporation were sold and the proceeds were used, first, to pay the first mortgage bonds in full with a balance to the debenture holders. The last meeting of the Directors of this corporation, acting as Trustees in dissolution, was held on December 27, 1944. The actual dissolution took place in July of 1943. Perhaps you will recall that there were $1,000,000 of first mortgage bonds outstanding, and $500,000 of Debentures. The Debenture holders received 72c on the dollar, leaving no equity for the common stock, which is worthless. The above information was received from Mr. Murray Waters, Vice President of the Aetna Life Insurance Company, Hartford, Conn.

Hearst-Jaggers Gold Mining Company. Incorporated in South Dakota on March 4, 1905 for a term of 20 years. Its term of existence expired in 1925, as no application for extension was ever filed. We searched our mining records from 1905 and found no record of this company's operations. We did find that George Graham Rice was a director of this company. Mr. Rice, as you may have heard, did most of his mining under a rolled-top desk, and was one of the best known stock promoters that fleeced the public out of millions of dollars. It is our opinion that the shares are absolutely worthless.

Hermosillo Copper Company. The Arizona corporation apparently is the holding company for the company of the same name incorporated in Mexico in 1909. The officers are the same: J. L. Zimmerman, C. P. West, F. E. Resler, H. W. Whitaker, as President, Vice Pres., Secretary and Treasurer, respectively. There were $85,860. of bonds outstanding in the Mexican company. The property was located in Sonora, Mex. It is difficult to appraise stock of this company. The Mexican company also acquired a ranch of 25,000 acres for timber and etc. Whether the Mexican Government has taken over their properties, is difficult to ascertain. The Bureau of Mines at Mexico City might have the information. We do know that producing mines and oil wells were confiscated.

Holly Hill Fruit Products Incorporated. Incorporated in Florida as a Grower-Owned Organization, and are packers-canners and shippers of free-ripened citrus fruit, with their principal place of business at Davenport, Florida. The common stock of the company has restrictions through their charter and by-laws and is definitely associated with the ownership of citrus groves in this vicinity, the fruit from which is being marketed by the company. The stock cannot be sold or transferred to anyone except a cooperating grove owner and may only be owned on the basis of five shares per acre of grove owned. Should the stock become disqualified by reason of the groves being sold without it or the owner ceasing to market his fruit through this organization, then their directors have the right to call the stock after appraising it at a fair and equitable value, which they have established at par value, $20 per share and that is the sale price and transferrable value at all times. Only in the event of a complete liquidation of the company would the stockholders participate in any increased value of the stock. The surplus is only for increasing facilities or for distribution to their cooperating grove owners on a patronage basis and not on the basis of stock ownership. We shall appreciate your notifying this company the name that appears on the stock certificate, for if the stock has come into the hands of someone who does not qualify, it will be necessary for the company to call it in, unless it is preferred stock.

Hoyle Gold Mines, Limited (Ontario).
The Hoyle Mining Company, Limited, located at Room 2810, 25 King Street West, Toronto, Ontario, informed us as follows on Sept. 4, 1945:
We have your letter of August 21st, addressed to Hoyle Gold Mines Limited. "Hoyle Mining Company Limited" is the name of the reorganized Hoyle Gold Mines Limited.
Shares of Hoyle Gold Mines Limited are exchangeable for notes, on the basis of 5 shares Hoyle Gold Mines Limited for $1.00 principal amount of notes. These notes bear interest at the rate of 1¾%, and mature on September 1st, 1946. The notes themselves are exchangeable for common shares of Hoyle Mining Company Limited, on the basis of 1 share of Hoyle Mining Company Limited for each $2.00 principal amount of notes. From this you will observe that it is only possible to obtain 1 share of Hoyle Mining Company Limited for 10 shares Hoyle Gold Mines Limited.
The notes are also exchangeable as an alternative on September 1st, 1946, for preferred shares of Hoyle Mining Company Limited, on the basis of 1 non-voting preference share for every $1.00 principal amount of notes. These preference shares will carry cumulative dividends of 5c per share, and in addition further non-cumulative dividends of 5c per share if surplus profits in any given year are sufficient to pay the same. The preference shares are redeemable on or after September 1st, 1954, at $1.05 per share, plus any accrued or unpaid dividends.
Shares of "Hoyle" are quoted in the newspapers at 39c to 41c per share. "Hoyle" refers to the old company, Hoyle Gold Mines Limited.

Hubbard Realty Company. Registered First Mortgage 6½% Bonds Dated May 1, 1925: The Detroit Trust Co., Detroit, Michigan, informed us as follows on March 16, 1945: Under date of December 17, 1941 a liquidating dividend of 70% was made available to all bondholders, making total liquidating dividends of 106% of the par amount of the bonds. Holders were advised it was necessary for the Trustee to reserve a portion of the available cash until such time when there could be no income tax liability against the trust. The statutory period during which a tax could have been assessed having passed, a final liquidating dividend is now in order. After deducting Trustee's fees and expenses, the sum of $3744.00 is available with which to pay a final liquidating dividend of 6.5% ($65.00 per $1,000 bond) to the holders of $57,600 par value of bonds. In order to receive this payment bonds should be forwarded or presented to Detroit Trust Company Tellers Window No. 2 201 West Fort Street Detroit 31, Michigan. Payments will be made by check to the registered holder. If payment is to be made to someone other than the registered holder, the bond must be accompanied by duly executed instruments of assignment and transfer, with signatures of the assignors or transferors guaranteed by a bank or trust company. The bonds will be retained and cancelled by the Trustee.

Huntington Bay Corporation. Incorporated in New York on October 1, 1925 in Suffolk County, and was dissolved by Proclamation on December 15, 1939. Mr. Stefano Berizzi, a former director of the company, now located at 607 Fifth Avenue, New York City, informed us on November 27, 1944, that the stock of the corporation became worthless many years ago.

Huntington Burglar Alarm Co., Inc., The. N. Y. 1937.

Huntington Club Company. Incorporated in New York and operates the Huntington Country Club at Huntington, L. I. Mr. W. E. Horwill, Secretary of the Club, informed me as follows on April 11, 1945: "Replying to your letter of April 3, 1945, I advise that during the month of November, 1943, there were a number of sales of units of 7½ shares of capital stock of Huntington Club Company at a price of $1.00 for the unit of 7½ shares. These units were all purchased by Huntington Purchase, Inc., which was then in the process of acquiring the real property held by Huntington Club Company, a transaction which has since been consummated."

In view of the above, I submit $1.00 as a fair value for a unit of 7½ shares of stock as of November 16, 1943, the date of the decedent's death.

Illinois Oil Company, Rock Island, Ill. Press report March 8, 1945:

Rock Island, Ill., March 8 (Special).—A charter has been issued to Illinois Oil Products, Rock Island, which has purchased trade names and various properties of the former Illinois Oil Company, now in process of dissolution after 37 years in business in the distribution of petroleum products.

President of the new firm is J. A. Welch of Rock Island, treasurer and director of the old one. E. C. Jackson of Rock Island is treasurer. A. C. Vinton of Moline is secretary and sales manager. Others interested in the new firm are Charles C. Loptien and Oscar W. Ellis of Moline.

Properties purchased include office building, service station and equipment, paint factory and store, grease factory and equipment and warehouse, with 260,000 gallons petroleum products storage; bulk storage plant on the river bank with 122,000-gallon storage; and all trade names. Products will continue to be sold under the same trade names.

The new firm will operate on a wholesale basis only, selling to jobbers and dealers in Iowa, Missouri, Indiana, Michigan, Wisconsin, Nebraska, Minnesota and Illinois.

Independent Oil Company. Incorporated in New York State on December 19, 1864 and had an office in New York County. We found no record of the corporation's operations nor any value to the stock. The corporation lost its charter by proclamation on April 2, 1924. We believe the shares are worthless.

Independent Oil & Refining Company. Incorporated in the District of Columbia on January 26, 1905, with a capital of $500,000. of $1. par stock. The term of existence is perpetual. The U. S. Legal Corporation, Bond Bldg., Washington, D. C., acted as the permanent resident agent. The certificate was amended on February 4, 1914, increasing its capital stock from $500,000 to $10,000,000. The last and only Annual Report was filed January 27, 1915 to the following effect: The President and a majority of the Board of Trustees, certified that the authorized capital stock was $10,000,000. and that amount had been paid in, and there were no debts. The report was signed by T. F. Whittelsey, President—T. F. Whittelsey and A. D. Cushing, as Trustees. We searched our oil and mining records back to 1905 and found no record of this company's operations, nor any trace of the Trustees. The U. S. Legal Corporation would have no more information than the above, although they have requested $10. for a search. The Better Business Bureau, and the Chesapeake & Potomac Telephone Company, of Washington, D. C., found no trace of these men for us, nor in the telephone book for the years 1913, 1914 or 1915. We also checked the Professional Directory of oil men, and Production Personnel, and found no record of these Trustees. It is possible that the company obtained certain leases for which they turned over to the company in payment for the stock. For the fact that the company was never in production, we assume that the Trustees were unable to sell their stock to get sufficient financing and let the venture die a natural death. It is our opinion, therefore, that the shares have no value."

Indiana General Service Co. Press report Dec. 6, 1944:

Philadelphia, Dec. 6, 1944 (UP). — The statutory merger of Indiana General Service Co. into its parent, Indiana and Michigan Electric Co., was approved today by the Securities and Exchange Commission. Indiana General will redeem the 15,364 shares of its publicly held 6 per cent preferred stock at $110 a share, plus dividend, and its first mortgage bonds outstanding in the amount of $6,500,000, at 103½ per cent.

Before the redemption, American Gas and Electric Co., the top-holding parent, will surrender for cancellation its 24,347 shares of Indiana General's preferred stock. Indiana General will give American Gas an equal number of its common shares, and American Gas will supplement this number with an additional 633 shares, for which it will pay $65,300.

After the redemption of the publicly held stock, Indiana General will be merged. American Gas will then transfer to Indiana and Michigan 55,000 shares of Indiana General common stock in exchange for 55,000 shares of Indiana and Michigan common stock.

Indiana General will restate its charter to eliminate the authorized preferred stock and to authorize 25,000 additional shares of common stock.

The merger has been approved by both the Indiana and Michigan public service commissions.

7% Refunding and Unifying Bonds of The Commonwealth Light and Power Company.

The plan of Reorganization of Inland Power & Light Corporation, debtor, and The Commonwealth Light and Power Company, debtor (hereinafter referred to as the "Plan"), confirmed by the United States District Court for the Northern District of Illinois, Eastern Division, on December 29, 1944, became effective on February 15, 1945.

Pursuant to the Plan, the public holders of the 6% Collateral Trust Bonds of Inland Power & Light Corporation are entitled to receive an initial distribution of $66.75 for each $100 principal amount of said bonds held by them, and the public holders of 7% Debentures of Inland Power & Light Corporation and the public holders of 7% Refunding Bonds of The Commonwealth Light and Power Company are entitled to receive, as a final and complete payment, $30 for each $100 principal amount of said debentures and bonds held by them.

All cash distributions and payments required to be made, under the Plan with respect to publicly held bonds and debentures of said debtors will be made by Central Hanover Bank and Trust Company, 70 Broadway, New York 15, New York, Distributing Agent, and The First National Bank of Chicago, 38 South Dearborn Street, Chicago 90, Illinois, Sub-Distributing Agent.

The court has ordered The Chase National Bank of the City of New York and The Northern Trust Company, Depositaries under agreement dated December 6, 1932, to turn over to the Distributing Agent and Sub-Distributing Agent named above, all of the 6% Collateral Trust Bonds of Inland Power & Light Corporation deposited with said Depositaries under said agreement and for which certificates of deposit issued by said Depositaries are outstanding. The court has also authorized the Distributing Agent and Sub-Distributing Agent to accept from the holders thereof the outstanding certificates of deposit issued by said Depositaries for said bonds in lieu of the bonds represented by said certificates of deposit.

Distributions and payments will be made only upon the surrender to the Distributing Agent or Sub-Distributing Agent of the bonds or debentures mentioned above. With all unpaid interest coupons appertaining thereto, or certificates of deposit representing 6% Collateral Trust Bonds of Inland Power & Light Corporation, which, together with all unpaid interest coupons appertaining thereto, have been turned over to the Distributing Agent or Sub-Distributing Agent by the Depositary issuing said certificate of deposit, accompanied by the proper form of letter of transmittal signed by the holder of said bonds, debentures or certificates of deposit.

Holders of 6% Collateral Trust Bonds and 7% Debentures of Inland Power & Light Corporation and 7% Refunding Bonds of The Commonwealth Light and Power Company may surrender their bonds or debentures to either Central Hanover Bank and Trust Company or The First National Bank of Chicago.

Holders of certificates of deposit for said 6% Collateral Trust Bonds issued by the Chase National Bank of the City of New York should surrender their certificates of deposit to Central Hanover Bank and Trust Company.

Holders of certificates of deposit for said 6% Collateral Trust Bonds issued by The Northern Trust Company should surrender their certificates of deposit to The First National Bank of Chicago.

Appropriate forms of letters of transmittal may be procured from the undersigned or from either of the Distributing Agents named above.

JOHN E. DWYER, Trustee of Inland Power & Light Corporation, 208 South LaSalle Street, Chicago 4, Illinois.

WALTER BACHRACH, Trustee of The Commonwealth Light and Power Company, 231 South LaSalle Street, Chicago 4, Illinois.
